# Traditionally...

. . .the University of Maryland represents the goals and ideals of higher education. The epitome of a college campus, UMCP consists of large, red brick buildings with white columns; wide, sweeping lawns; bell towers and a chapel on a hill. Stretching over an area of 1,378 acres, the campus also includes swimming pools, a tennis bubble, a golf course and farm land with a fully equipped equestrian center.

Richard Harmon

Debra Barracato

Hassan Alatrash (2)

Hassan Alatrash

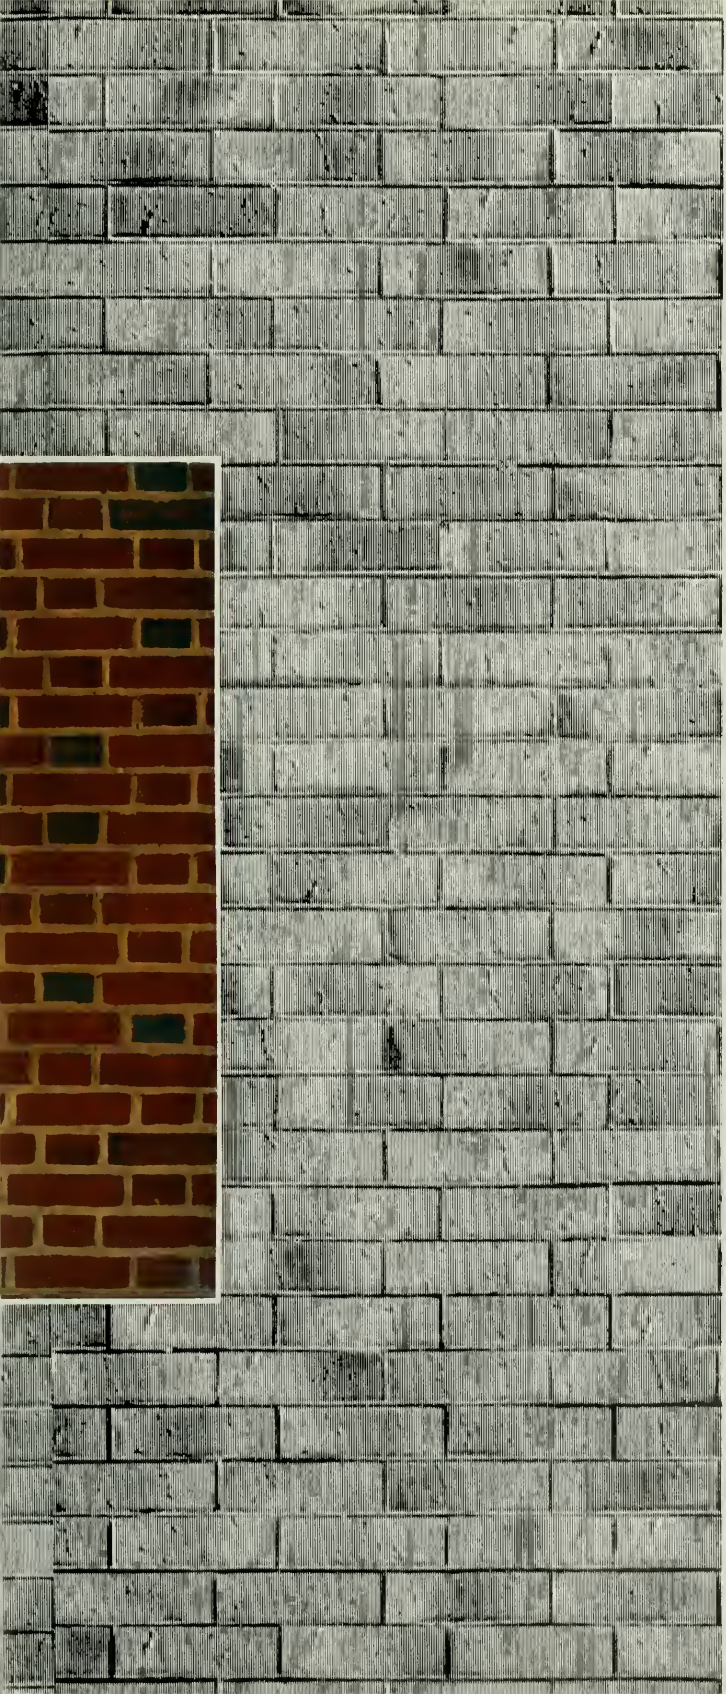
Created in 1856 as the Maryland Agricultural College, UMCP retains numerous traditions. The athletic teams at UMCP exemplify the winning tradition. Incorporating events such as Homecoming, tailgating, Spirit Week and the annual bon fire into the athletic atmosphere make every student a part of the winning tradition. Traditional spring rites include the transformation of Byrd Stadium into Byrd Beach, a week long exodus to warmer areas and Greek Week.

Richard Harmon (4)

# ...What We Make It

The campus serves as a backdrop against which over 35,000 students display their individual personalities. The cultural and ethnical diversity of students from all over the world enriches the social and intellectual atmosphere of UMCP. Each member of every graduating class gains something different from spending a portion of their life here. The campus provides the framework upon which the students build.

Lloyd Hanna (4)



# Student Life...

# Art... ATTACK!

The annual Art Attack fair on the McKeldin Library mall provides students, faculty and visitors with an opportunity for artistic expression in a variety of creative ways. Entertainment ranges from cultural dances and food, to popular music and to unique canvasses for painting.

# Union Do's

The Adele H. Stamp Union constantly pulsates with student activity. Besides providing for basic needs such as food and quick cash, the Union boasts of a bowling alley, billiards room, movie theater and record store. Various student organizations conduct business out of the Union as well.

# A Stretch Of Our Own

Stretching from Maine to Florida, the personality of U.S. Rte 1 changes many times along the way. The Route through College Park, populated by bars, fast food joints and convenience stores, plays a major role in student life at UMCP.

Mary Kontorousis

# Just Mallin' About

Brought to life by the early risers heading for an 8:00 class, activity on the mall continues throughout the day. Frisbee games, hackey sac tournaments and impromptu musical performances provide enjoyment for both participants and on lookers.

# Turf's Up

During the warm months Byrd Stadium, home of the Terrapin football team, becomes a sunbathers' paradise affectionately known as Byrd Beach. Students fill the bleachers in bathing suits and suntan oil, in the hopes of attaining that savage tan. During the prime tanning hours, greetings called across the stands are barely audible above the music of many radios.

# Exit Stage South

When that long awaited week in March arrives, the hub of campus ceases. During spring break, the dorms, dining halls, libraries and Union shops close down; the shuttle buses stop running and traffic on Rte 1 lessens. Students traditionally head for warmer weather and relaxation on the beaches of Florida, Mexico and the Caribbean.

# Dad, I got a job.

*You did?*

With a Fortune 100 company.

*IBM? GE?*

In an industry bigger than electronics.

*Does this job pay well?*

Yep, and it'll lead to a lot more.

*What else do you get?*

Great benefits. Training. They'll even spring for graduate courses.

*Where is this company?*

All over the world. But I'll start at one of their million dollar operations near here.

*Is there room to move up?*

A lot of their corporate officers started out the same way.

*What will you be doing?*

Oh, business management. Staff supervision. Financial planning. Marketing. And a lot of other things.

*What's the name of this company?*

McDonald's.®

*Looks like four years of college really did teach you something.*

For career information, send your resume to: C. Newman, Dept. SSW/UM, McDonald's Corporation, 3015 Williams Dr., Fairfax, VA 22031, (703) 698-4016.

Always an Equal Opportunity/Affirmative Action Employer.

# Trendy Terrapins

Students traditionally express themselves through the clothes they wear. Fashion at UMCP this year ranged from torn jeans and over sized shirts, to business suits with oxford shirts and ties, to tie dye tee shirts, jean skirts and sandles. Whatever the style, you can be sure that students at Maryland set the trend.

# Live In College Park

Stanley Jordan eased listener's minds when he played his guitar at the Art Attack fair. He was only one of the many people that performed at the University. Mega Death, a heavy metal group, and Grapes of Wrath, a progressive music group, played in the Atrium in the Student Union. The comedian, Jerry Sienfeld, had students rolling in their seats. This year, students were able to find entertainment for all of their tastes.

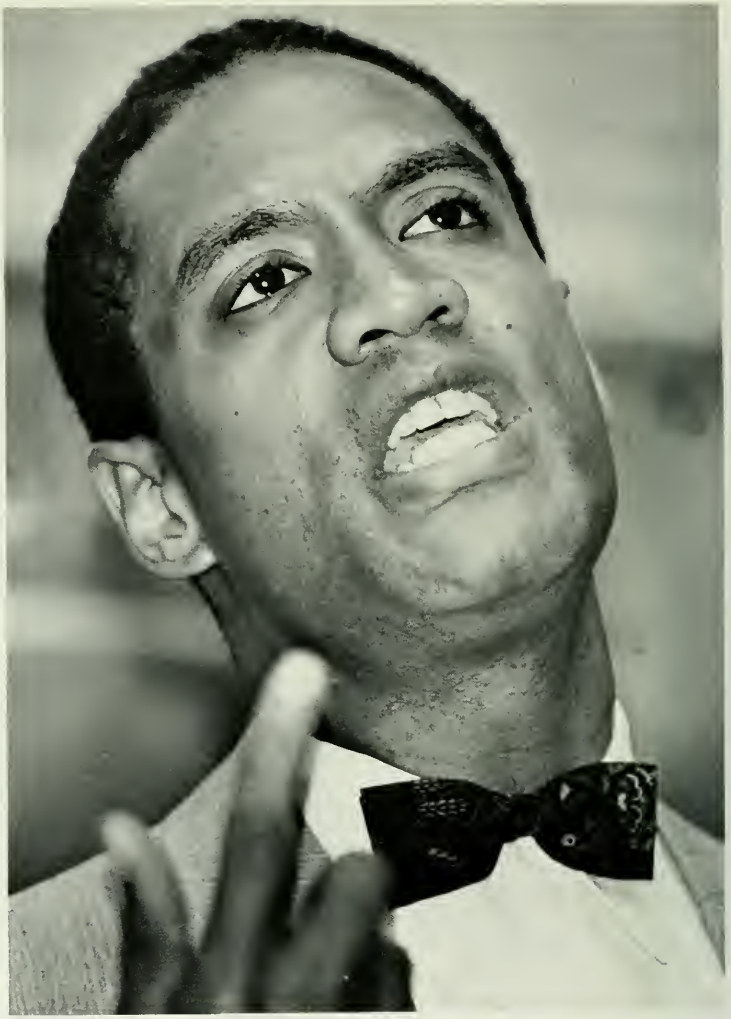
Lars Gelfan (2)

Kim Wix

Lars Gelfan (4)

# Speak Out

Visitors to UMCP abounded this year. Among them were found refugees, entertainers, film directors, and politicians. Spike Lee shared his experiences with film directing. Jello Biafra incited students with his views on many contemporary issues. At Ritchie Coliseum, Jessie Jackson addressed a standing room only crowd.



Hassan Alatrash (2)

Lloyd Hanna (2)

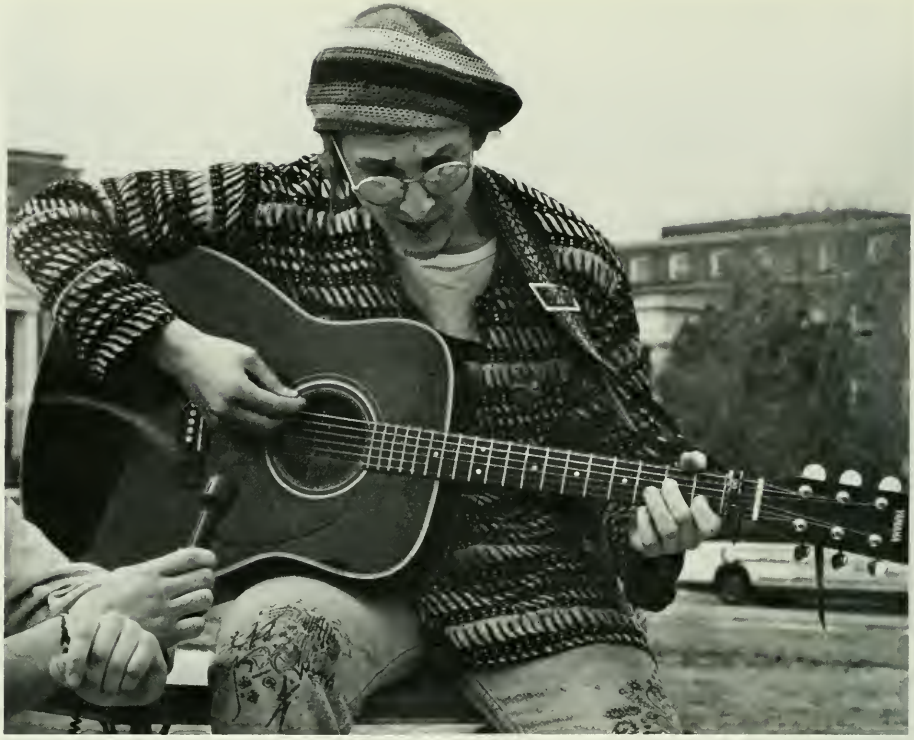
Lars Gelfan

# Taking A Stand

Political activism is traditionally found at UMCP. Students demonstrate peacefully against issues that are taken to heart. Every group has an opportunity to state their personal views. Drug testing and sexism were two of the hot topics this year at the University.

Hassan Alatrash (3)

Scott Suchman



Scott Suchman

Lloyd Hanna (3)

# What Are You Waiting For?

Wait listing is a fact of life at UMCP. Traditionally, the long lines at the beginning of each semester are dreaded. Wait listing was made easier this year with the addition of more computers. The lines were just as long, but they moved quickly.

# Academics...

The College of Agriculture prepares students for careers in agriculturally related sciences, technology and business. A dairy farm on campus plus several operating research farms in Maryland offer practical experience for students.

Lloyd Hanna (3)

The School of Architecture prepares students for a number of careers in fields such as historic preservation, real estate development and public administration. The Master's degree program qualifies students to enter into the career of architecture.

Anne Koslowski (2)

Mary Kontorou

The College of Arts and Humanities offers some of the most diverse programs found on campus. The College encourages different approaches to the study of cultural behavior. Students develop excellent writing skills and the ability to think logically and critically. This prepares students for a variety of careers and professional training.

Eva Quintos (2)

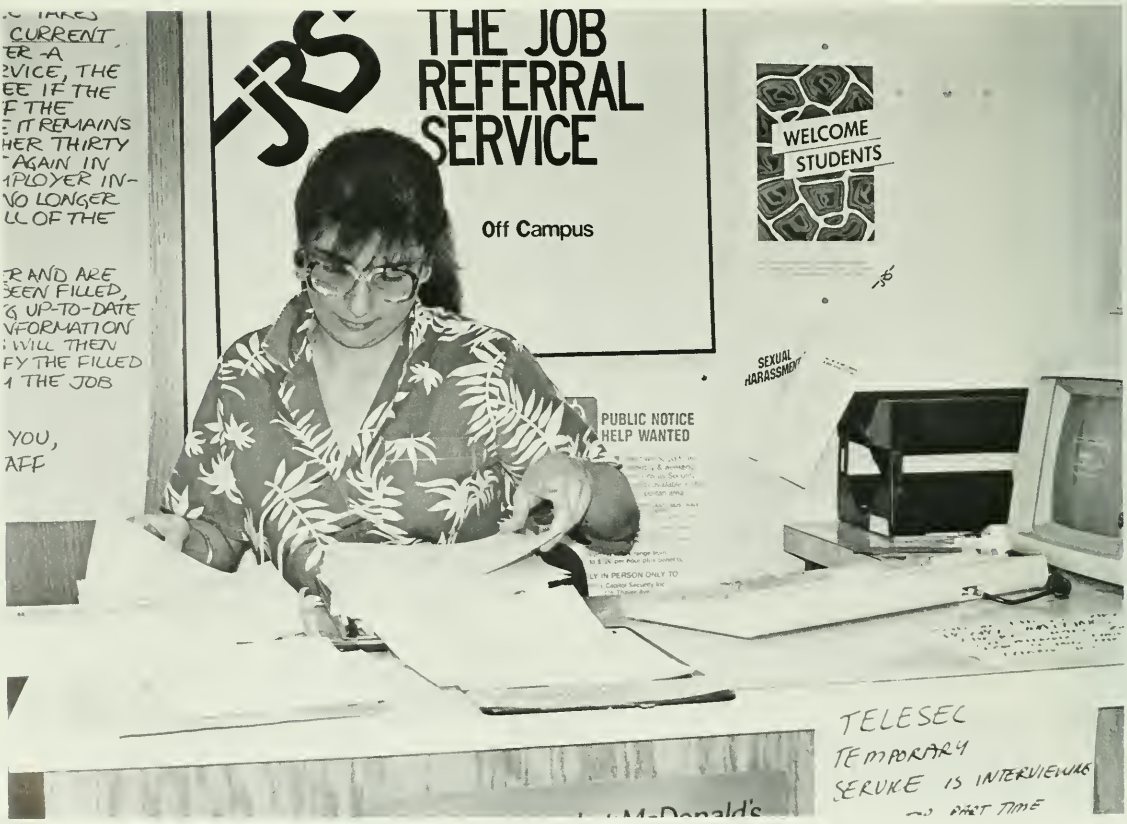
Shin Hyung Hong

The College of Behavioral and Social Sciences is for those students who are interested in the study of human behavior. Students learn the techniques of problem—solving for human and social problems. The courses offered encourage students to understand the world around them.

Lloyd Hanna

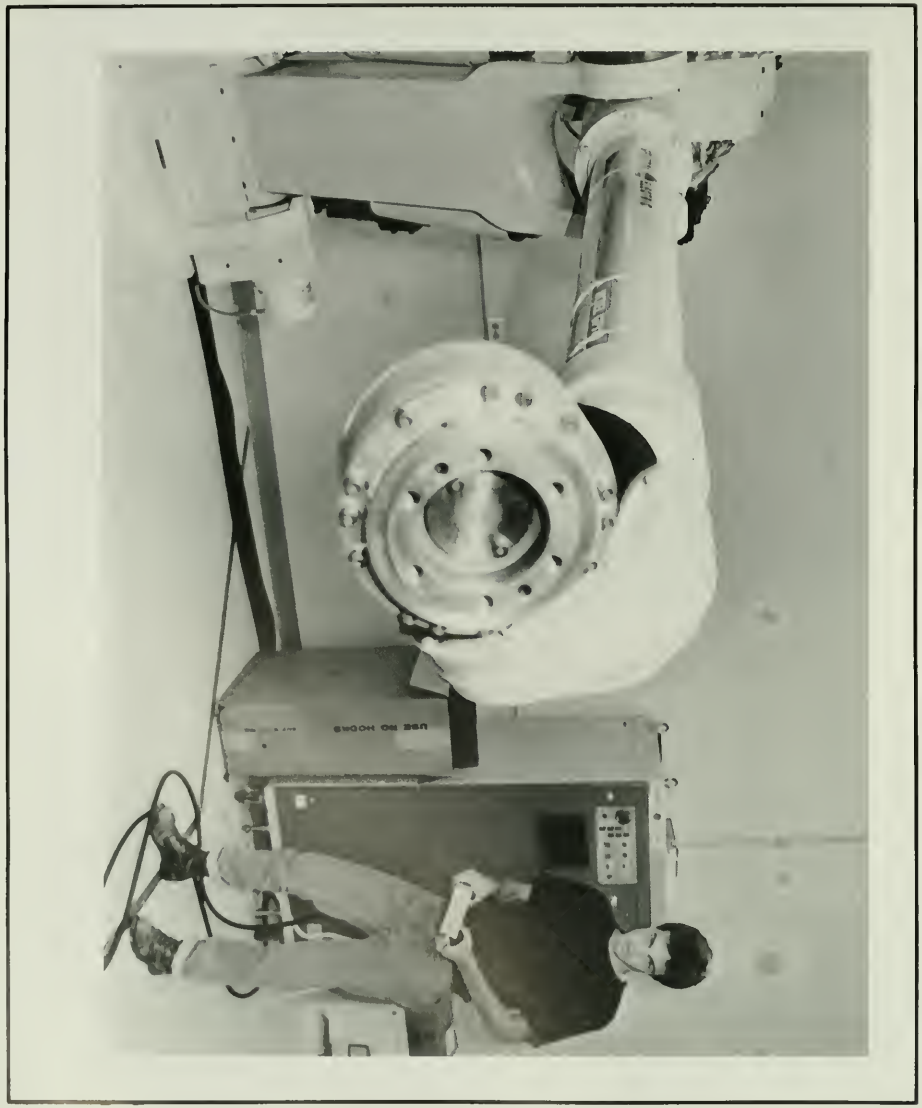
Mary Kontorousis

The College of Business and Management provides students with a professional education in business and management. The programs are based on a foundation in the liberal arts. The College prepares students to be effective and responsible managers.



Anne Koslowski (2)

The College of Computer, Mathematical and Physical Sciences contributes to the research activities of the University. The College offers programs for students interested in any of these sciences. The College prepares students for jobs in government, industry and graduate work.

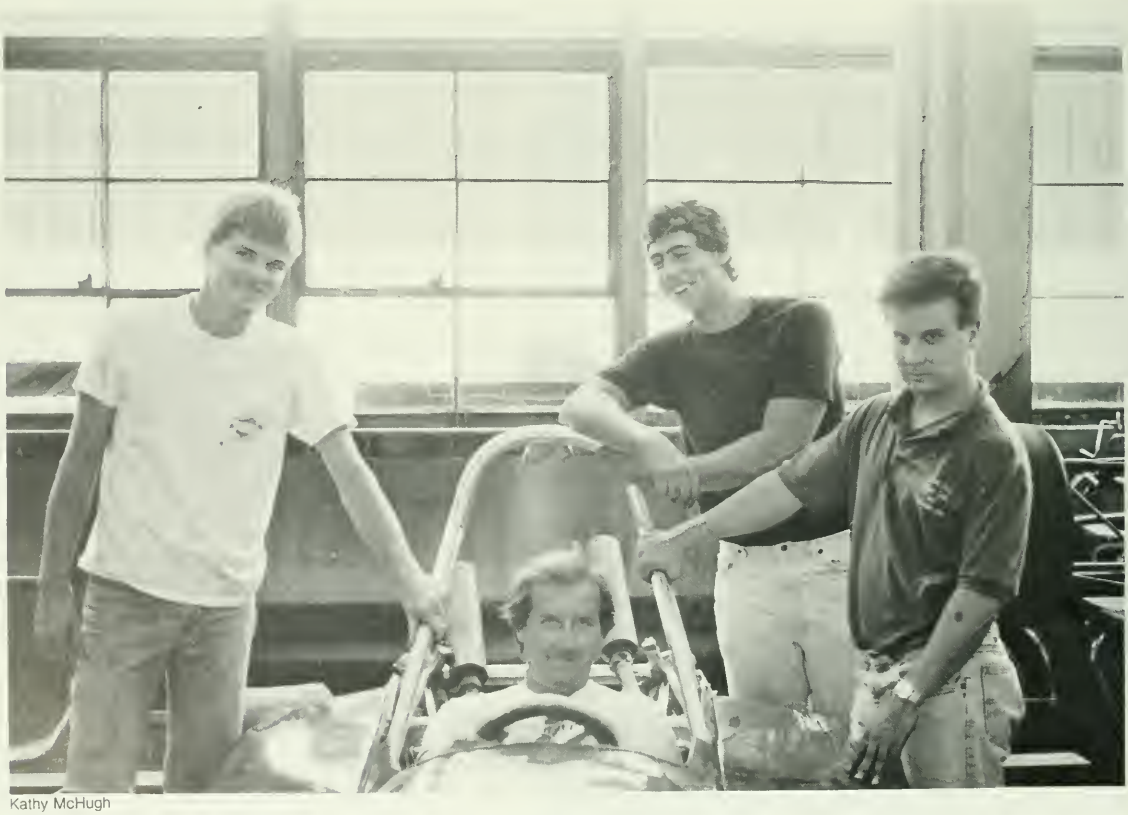


Hassan Alatrash (4)

The College of Education prepares students for careers in teaching and educational work. Student teaching offers students excellent practical experience in their field.

Eva Quintos (3)

The College of Engineering combines basic sciences, engineering sciences, professional studies and general studies. Upon graduation, students are prepared to solve the technical problems of science.



Kathy McHugh

Hassan Alatrash

The College of Human Ecology focuses on the relationships and interactions between people and their environments. Students are trained to find solutions to societal problems.

Shin Hyung Hong

Kathy McHugh

Eva Quintos

The College of Journalism prepares students to pursue careers in a wide range of informal, interpretive, and promotional mass communication activities. Journalism courses are designed to provide students with a working knowledge of the tools and concepts they will need to perform as competent professional communicators

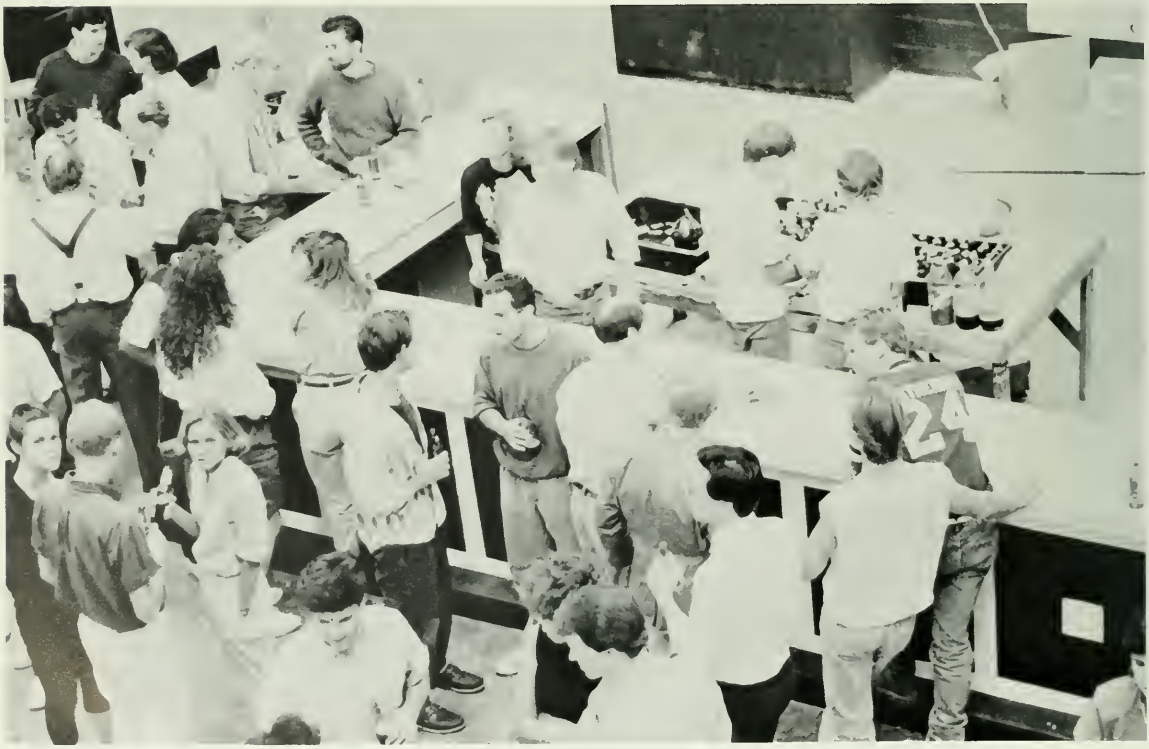
Kathy McHugh

Anne Koslowski (2)

The College of Library and Information Services teaches students the skills to become professional librarians. The program is offered only to graduate students.

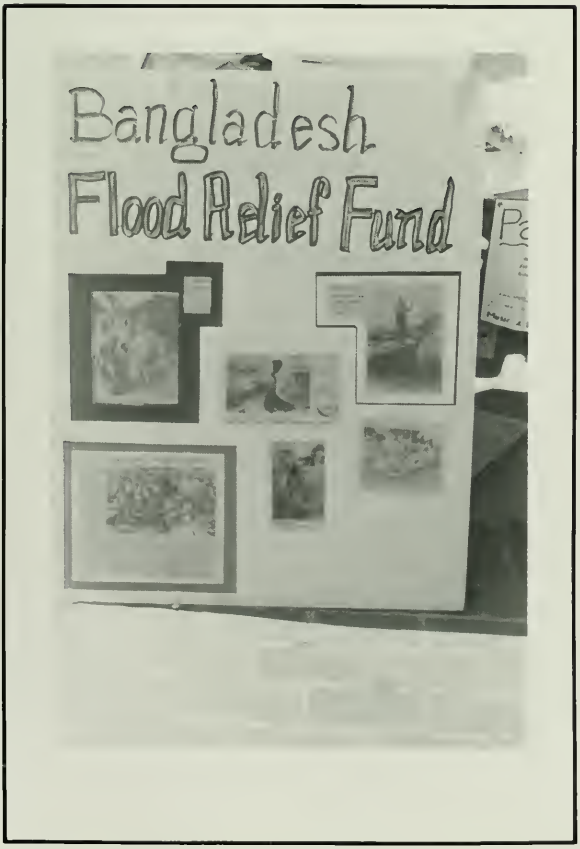
Nicole Barrett (3)

The College of Life Sciences teaches the ways in which living organisms relate to one another and their environments. Students receive rigorous training in their specialized fields.



Mary Kontorousis

Hassan Alatrash

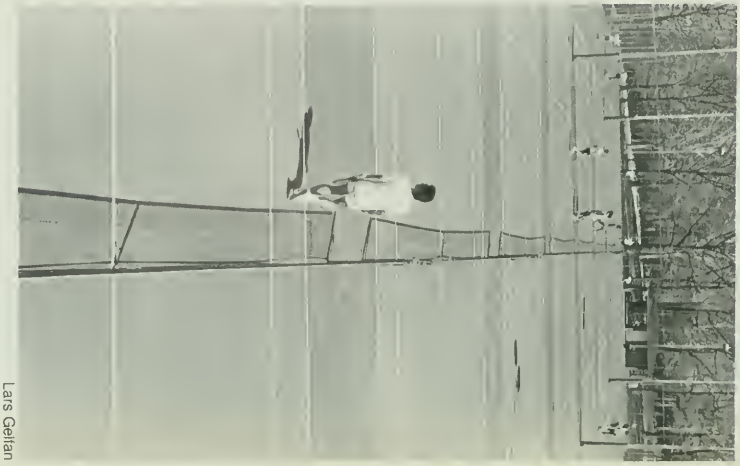


Kathy McHugh

The College of Physical Education, Recreation and Health offers diverse courses for students. The college offers programs integrating research, service and instruction.

Mike Groves (2)

Mary Kontorousis



Lars Gelfan

In the School of Public Affairs, students may specialize in international security, issues of government-private sector interaction and public sector financial management. The program is only offered to graduate students.

# Sports...

FOOTBALL

"Glenn Page returns the interception."

"Joe Krivak surveys the field."

Lars Gelfan (3)

"Neil O'Donnel brings the Terps to the line."

Joines catches the ball with 10:11 left in the third quarter.

Johnson gets tackled.

Powers and Fleece make a tackle.

Louisville quarterback bobbles the snap.

Lars Gelfan (4)

Left: Warren Powers' name rings a bell. Below: Here come the Terps!

Hassan Alatrash (2)

The Terrapins face some of the toughest competition in the nation in the 1988 season. Coach Joe Krivak said "The nice thing about this squad is that it is relatively young, but we've got a sprinkling of seniors in there that gives us a chance to be a good football team." The 1987 record for the Terps is 4-7 overall and 3-3 in the ACC. In middle November, the Terps' record was 5-5 overall and 4-2 in the ACC.

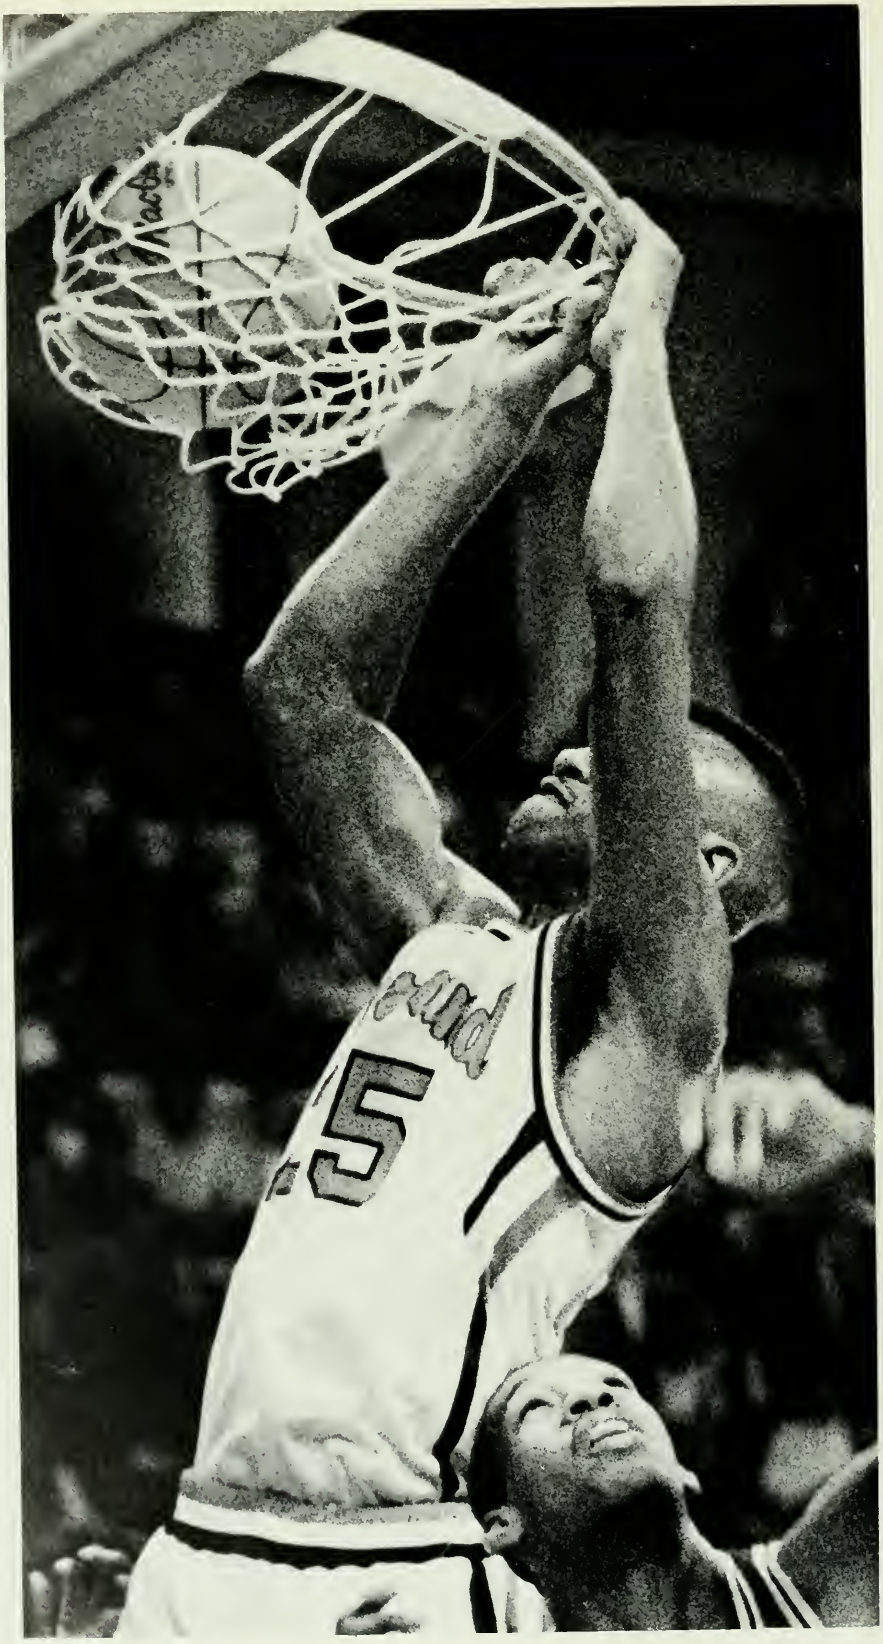
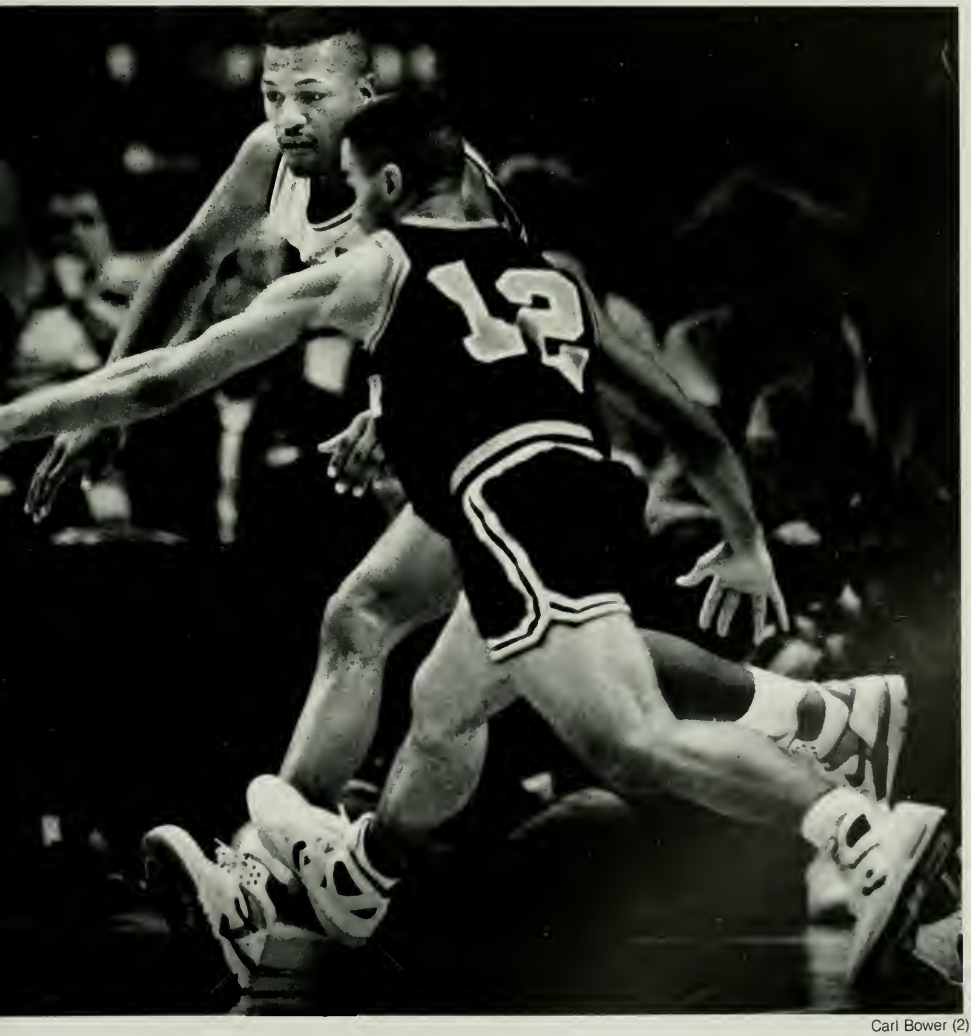
# BASKETBALL



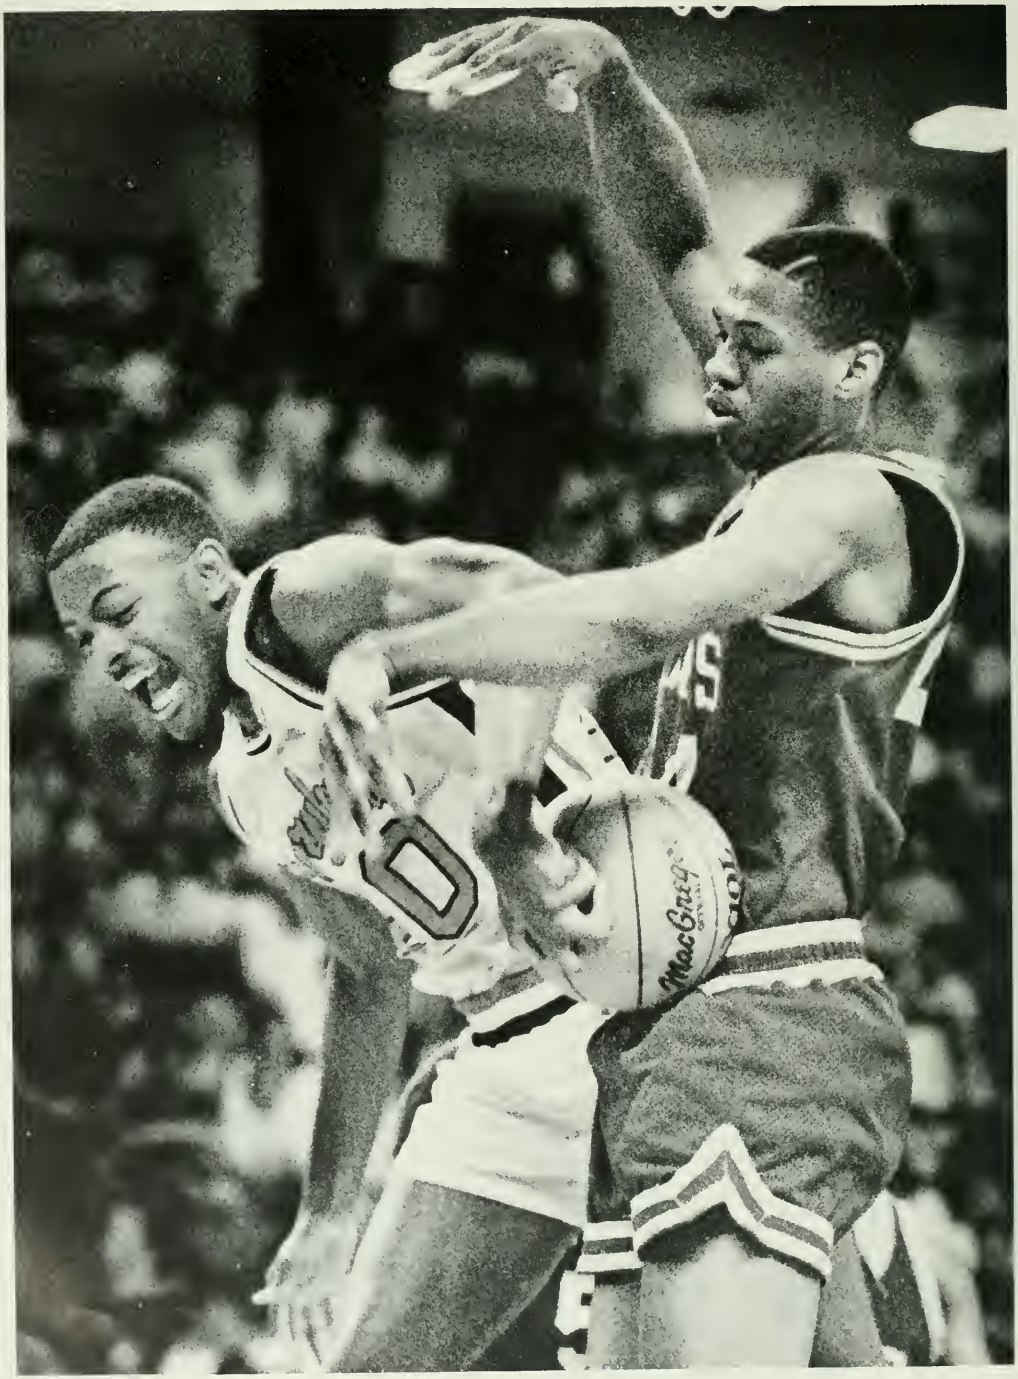
The Terps fielded a young team in the 88-89 season but played beyond expectations. Coach Wade looks forward to the team's growth in the future.

Left: Massenburg with a crushing dunk! Below: Scramble for the loose ball.



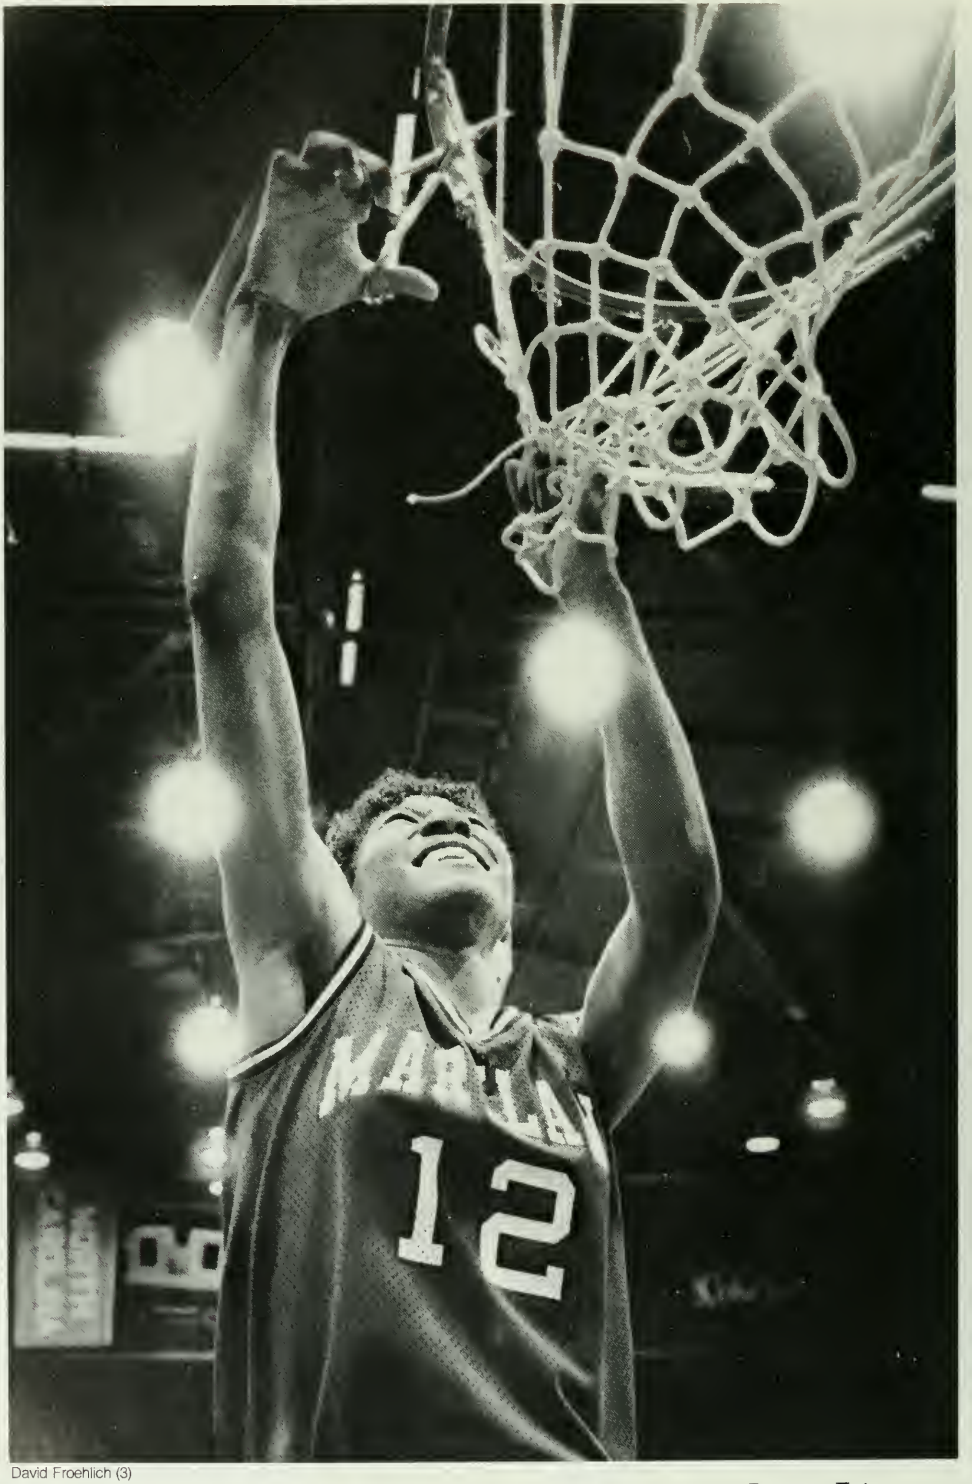
Carl Bower (2)

Below: Vincent Broadnax fights for the ball. Right: Jesse Martin drives to the hoop.



Carl Bower (2)

# WOMEN'S BASKETBALL



David Froehlich (3)

Deanna Tate celebrates a victory by saving the net.

The women's basketball team looks forward to a promising season. Among the returning players are forward Vicky Bullett and guard Deanna Tate. Coached by Chris Weller, the team's record for the 1988 season is 26-6. The women also won the ACC Championship for the 7th time since the start of the team's 11 years ago.

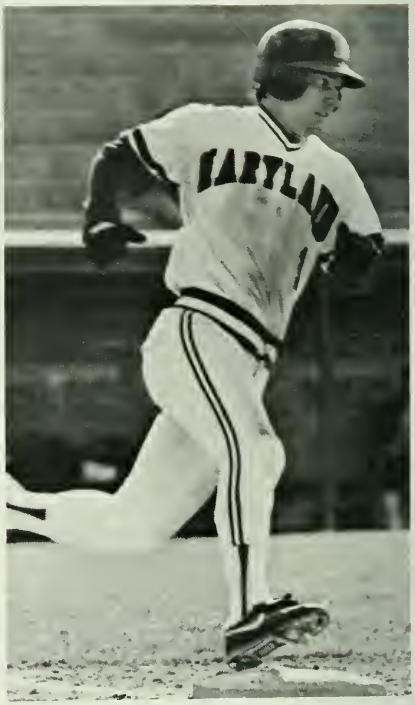
Deanna Tate takes a foul shot.

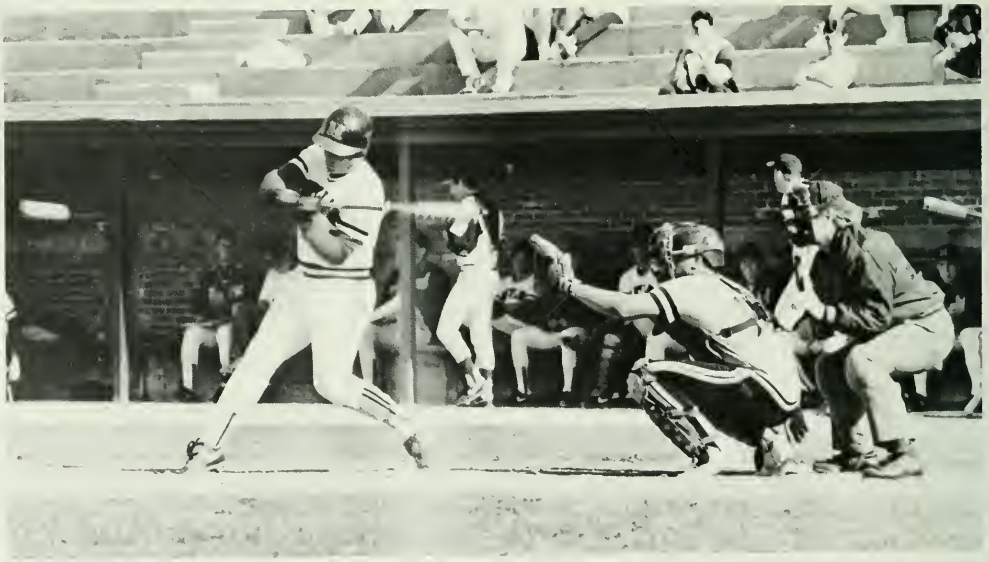
Carla Holmes passes the ball.

# BASEBALL

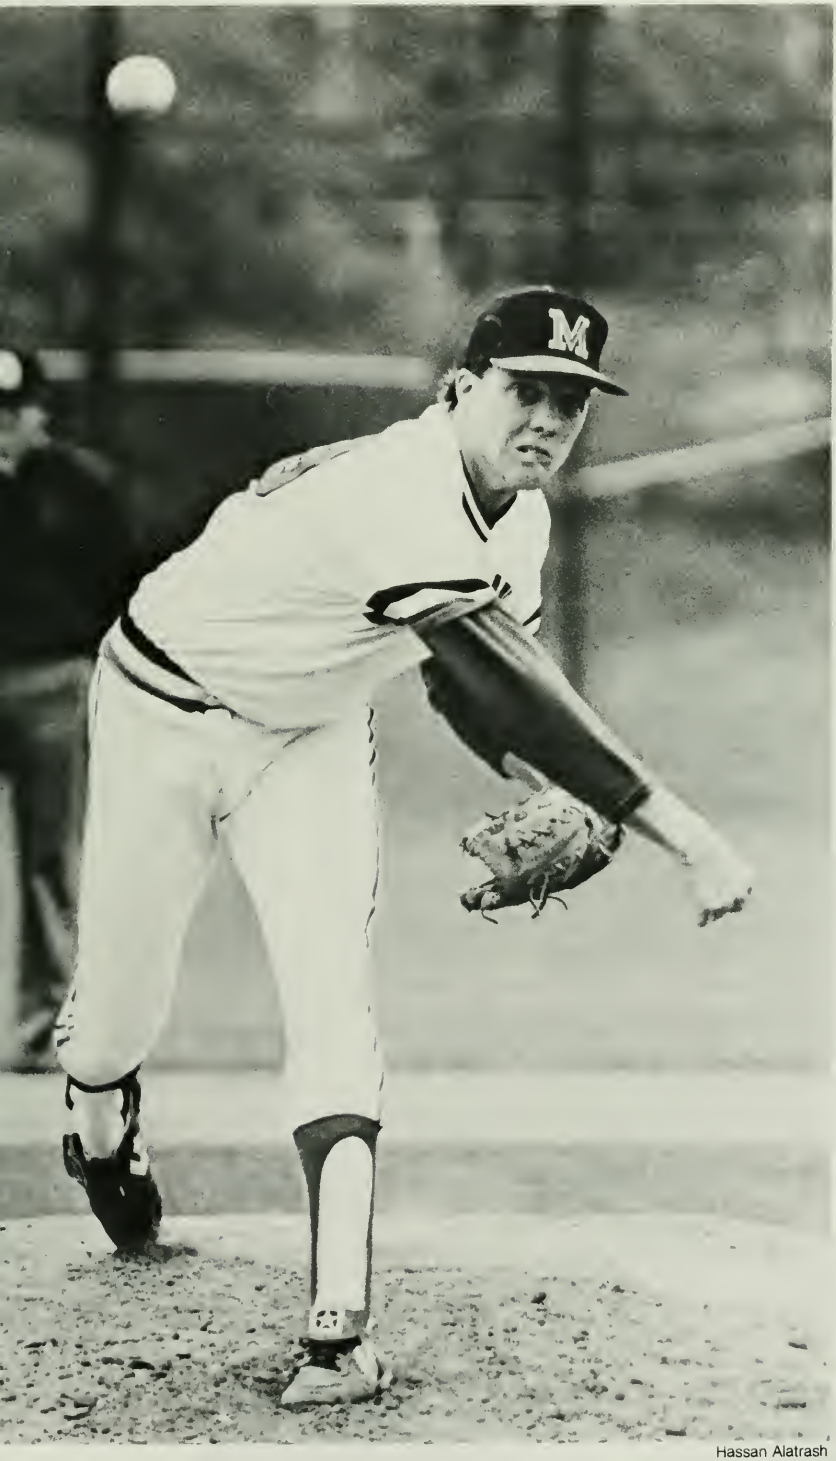
"Drew Johnson, Terp's 2nd baseman, rounds the bases."

"Outfielder, Dave Sentman, goes for the ball."





Lloyd Hanna (3)



Hassan Alatrash

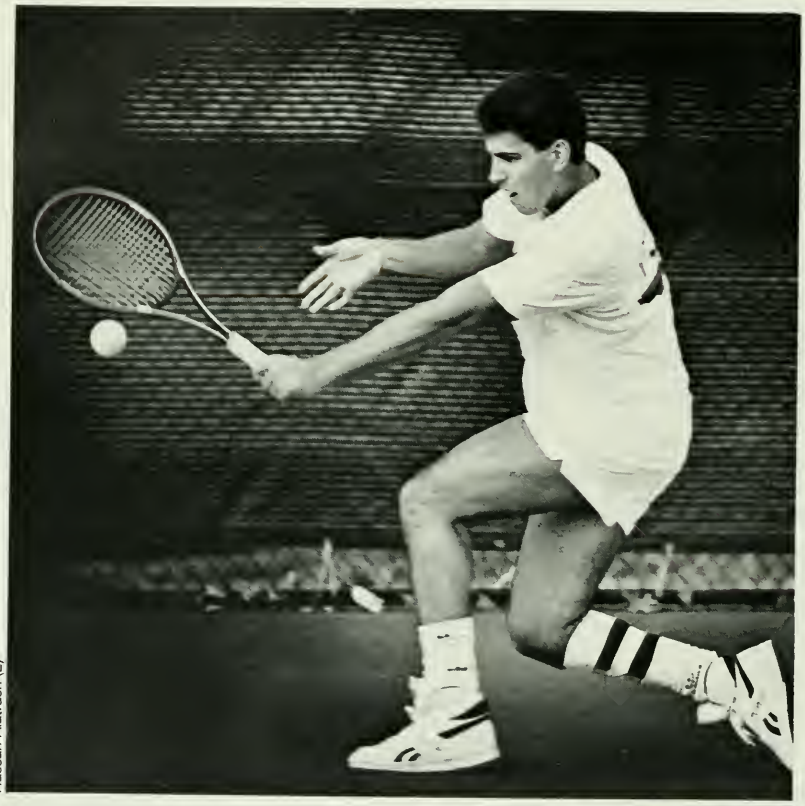
The baseball team won less than half of their Atlantic Coast Conference games for the third year in a row with a record of 5-14. Their overall record was 19-24 in the 1987 season. Coach Jack Jackson is looking forward to a challenging season this year.

"A Terp player delivers his pitch."

# MEN'S TENNIS

"Jim Dearman reaches for a hard shot."

"Jeff Simon shows his background."



Hassan Alatrash (2)

Lars Gelfan

"Harold Castillo eyes up his shot."

With six returning lettermen, the men's tennis team finished last season with a record of 16-10. The team finished 7th in the ACC tournament. John Zahurak was named to the All-ACC team.

"Alain Chacon is there to return a volley."

Erika Hong

# WOMEN'S TENNIS

Lloyd Hanna

Denise Fisher keeps her eye on the ball.

Kerri Stern returns a shot.

Erika Hong

Lars Gelfan

The women's tennis team finished last season with a record of 17-10. The team finished 6th in the ACC tournament. Claudia Borgiani was named to the All-ACC team.

Kerri Stern returns the volley, winning 6-3, 6-3 over the University of Richmond.

# MENS' LACROSSE

Chris Lamon looks on as time runs out.

Phil Willard looks for a shot on goal.

Lars Gelfan (3)

The University of Maryland's men's lacrosse team finished last season with a record of 6-4 in the regular season. Coached by Dick Edell, the team is looking forward towards an exciting season.

Terp midfielder Dan Guilday manuevers around a University of Virginia player.

Tim Corcoran attempts to keep control of the ball.

# WOMEN'S LACROSSE

Hassan Alatrash

Lacy Frazier passes the ball to a teammate.

Lori Conley brings the ball down the field.

Lars Gelfan (2)

Headed by Coach Suzanne Tyler, the women's lacrosse team finished last season with a record of 11-6. The Terps played an exciting exhibition game with the Australian team. Coach Tyler is looking forward to an exciting season with a strong team.

Kelli Visco attempts to break away from an opponent.

# SOCCER

Right- Dominic Fettham takes off down the field. Bottom left- Heads up for the Terps. Bottom right- Dominic Fettham gets clobbered going for the ball.

Terp goalie falls inches short.

Carl Bower (4)

Mike Groves

The men's soccer team, coached by Alden Shattuck, had a record of 9-7-5 last season. This season, the Terps hope to make their record better. As of mid-season, their record is 9-7-5.

Terp middie just kickin' around.

# WOMEN'S SOCCER

Above: Louise Boden eyes the ball for a steal.
Right: Kathryn Ebner takes the ball away for the Terps.

Hans Orthner coached the women's soccer team to a record of 8-8-1 last season. The team, which does not receive funding from the University, plays a tough schedule. As of mid-season, the record stood at 8-8-2.

Carl Bower (2)

Vicky Bullett, a senior general studies major and forward on the Terrapin basketball team, rose to play forward on the 1988 U.S. Olympic Women's Basketball team. Once in Seoul, Vicky helped the U.S. win a gold medal.

Chan Chao

David Froehlich

# CROSS COUNTRY

Dennis Drenner (2)

Left: Terps in a class by themselves.
Top: A moment of friendship.

Maryland's men's cross country team closed the season finishing 12th out of 46 teams in the district III championships. Greg Early was the top Terp finisher, with a time of 31:38 on the 10 kilometer course. Coached by Dan Rincon, the team's overall record for the 1988 season is 4-4.

The women's cross country team tied for 7th out of 42 teams in the district III championships. Rosalind Taylor finished 6th place overall at the meet. Coached by Dan Rincon, the Terrapin women have a record of 4-7 overall.

# ICE HOCKEY

A Maryland player talks over a play with a referee.

The Ice Hockey Club is starting its seventh season at the University of Maryland. Last season, they had a record of 17-11-2. The team plays in the Southern Collegiate Hockey Association and in the Northeastern Collegiate Hockey Association.

Maryland defense tries to keep the puck from entering the goal.

Michael Groves (3)

Terps manuever for a shot on goal.

# FIELD HOCKEY

Carl Bower (3)

The University of Maryland's field hockey team won the 1987 NCAA Championship with a record of 18-4-1. This season, with new head coach Missy Meharg along with new 1988 Olympian assistant coach Christy Morgan, the team will try to retain the title. Three-time All-American Kim Turner, two-time All-American Jessica Wilk and seniors Cheryl Rudio and Carolyn Muller will lead the team.

An AU player attempts a steal from Terp Kareen Lackie.

Janine Nyce celebrates a goal.

# WRESTLING

David Froehlich

The Terrapin wrestling team ended the 1988 season with an overall record of 12-9 and an ACC record of 3-4. Maryland ranked 3rd in the ACC and Tom Reese won the heavy weight division of the ACC tournament.

left: Terps going for the pin. below: Terps on top again.

Carl Bower

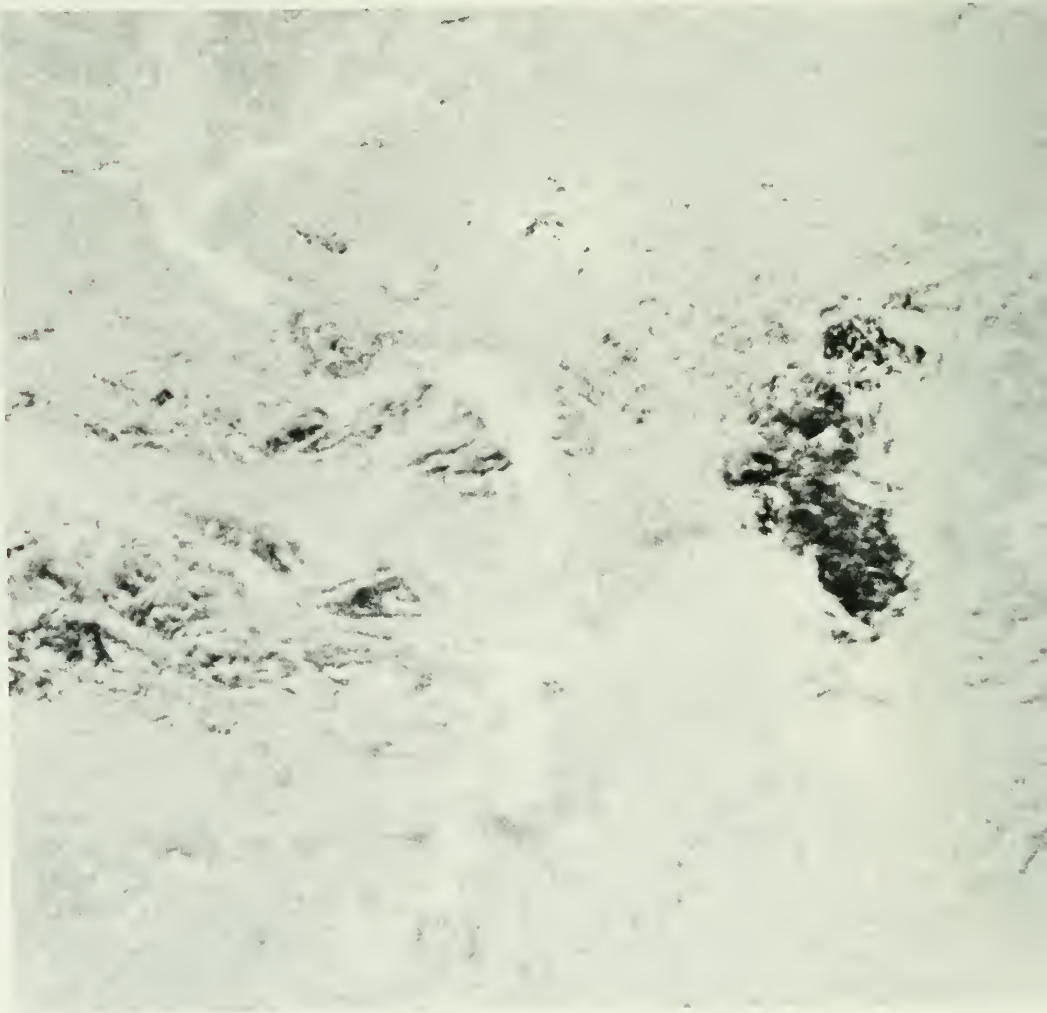
# VOLLEYBALL

The women's volleyball team had an overall record of 10-21 and an ACC record of 2-4 in the 1988 season. The team lost players Sue Kerr and Norma Kemp. 1st year coach Janice Kruger is looking forward to a challenging year.

left: Pam Rinker spikes the ball on Rhode Island. above: The Terps put the ball in play.

David Froehlich (2)

# SWIMMING



The Maryland men's swim team finished 28th in the NCAA for its highest finish ever. Mike Lambert placed 7th in the 200 yard backstroke with a time of 1:47.81. This gave him All-American honors. His time was the highest finish ever far a Maryland swimmer. The women's record for the '88 season was 6-4 overall and 1-3 in the ACC.

left: A few hard practice laps. below: Take-off!

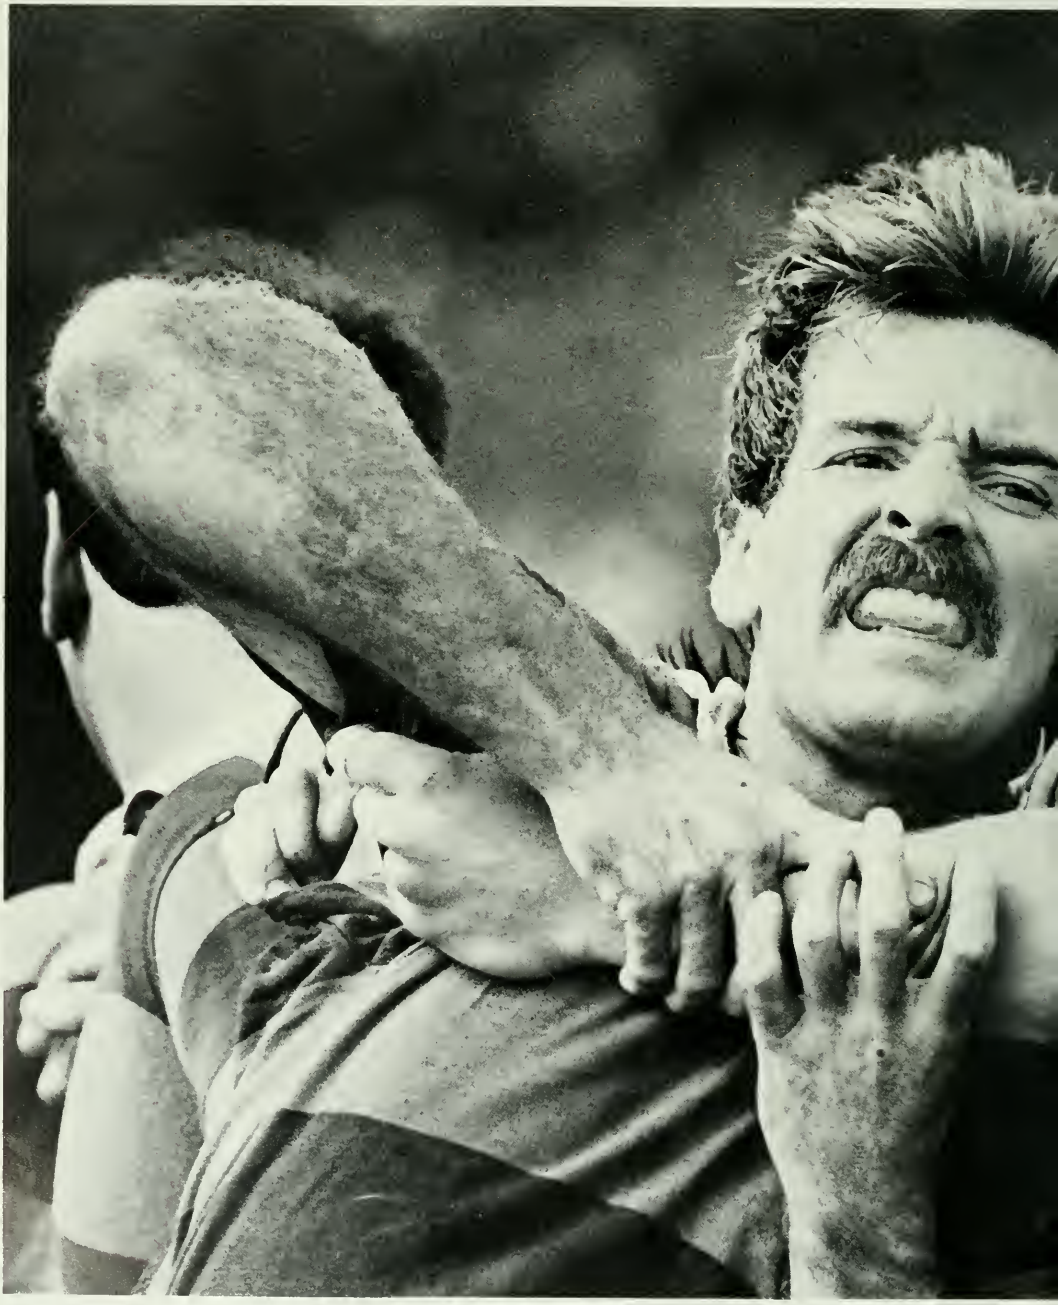
Carl Bower (2)

# GYMNASTICS

The Terrapin gymnastic team had a total high score of 185.85 in the 1988 season. The team, coached by Bob Nelligan, won the 1988 ACC championship.

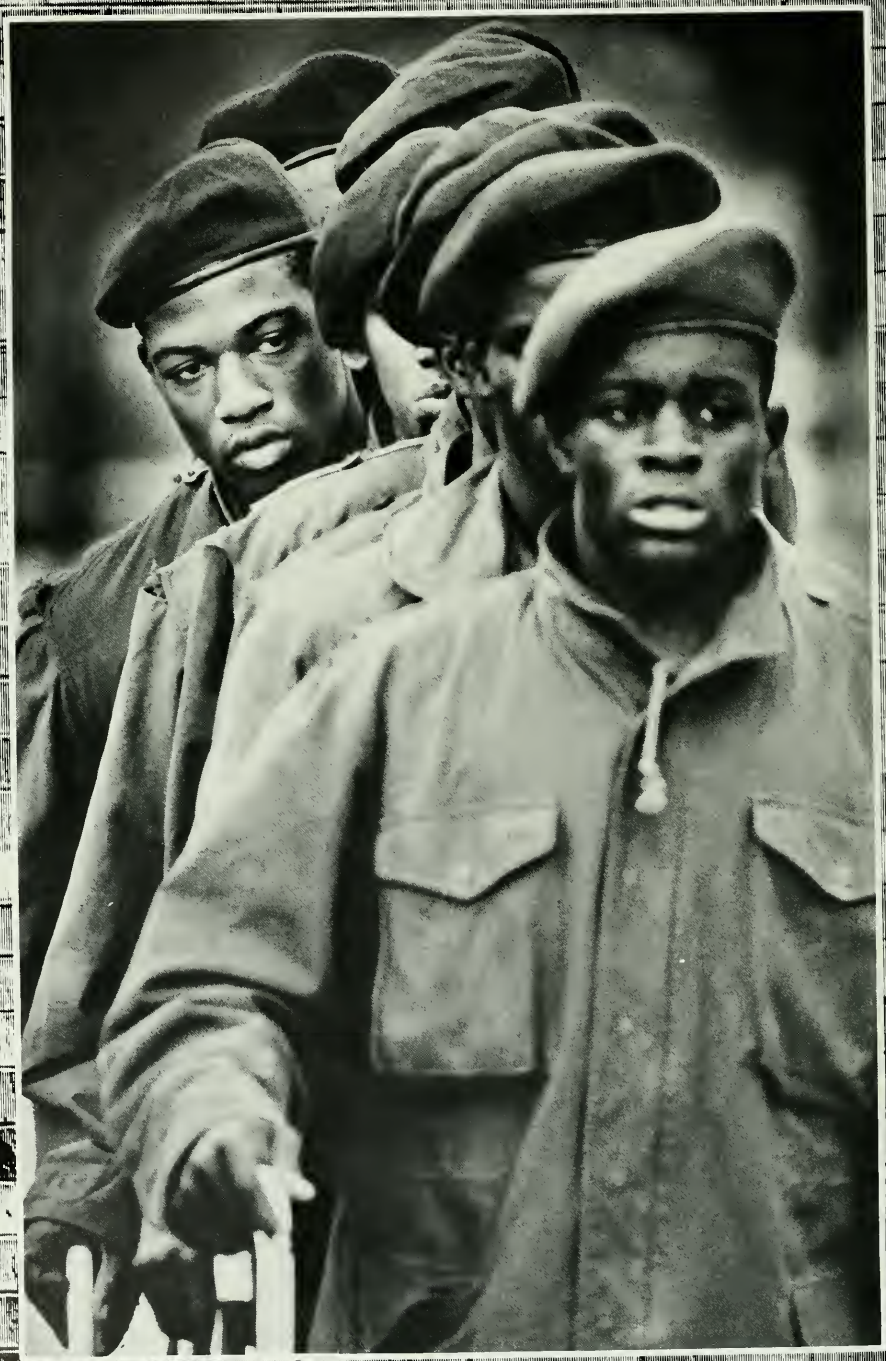
David Froehlich (2)

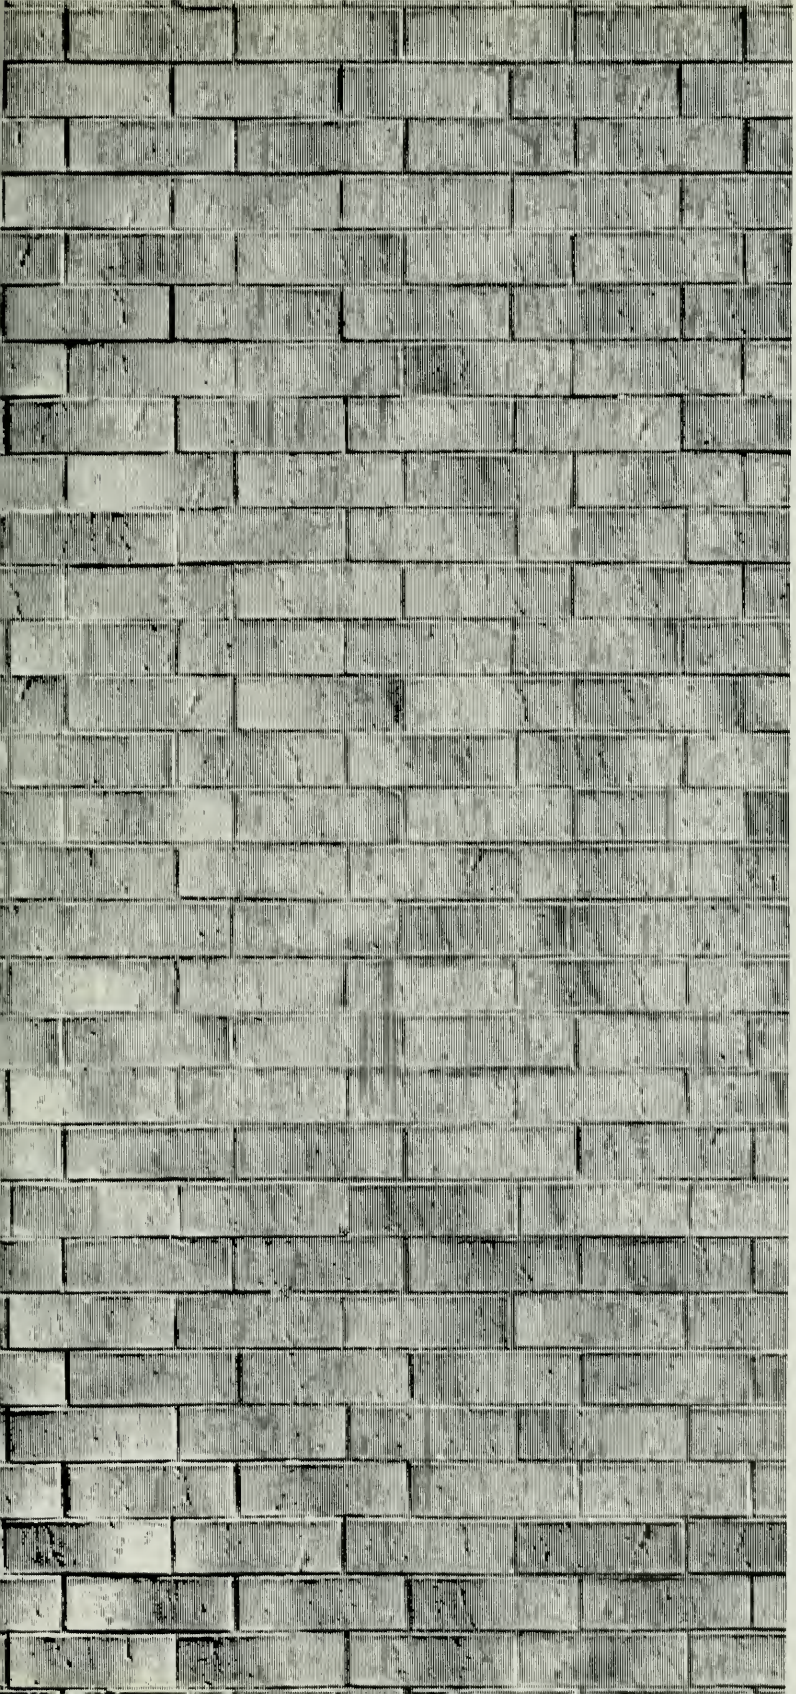
RUGBY



Carl Bower

The Rugby Club record for the 1988 season is 3-2. They tied for 2nd place but were kept out of the Mid Atlantic Regional Tournament by 8 points. Pat Thomas was voted most valuable player for 1988. Captain Perry Fri credits Coach Doug Hagen, who joined the team in the fall semester, with turning the team around. Todd Garey, the only graduating senior, was selected for All League Play. Fri expects a strong season next year.





# Organizations..

# Maryland Media, Inc.

Jason Hoffman

Maryland Media Inc. is a non-profit organization that owns and produces five campus publications: The Diamondback, Mitzpeh, and the Eclipse newspapers, Calvert literary magazine and Terrapin yearbook.

Established in 1971 by the Board of Regents, Maryland Media Inc is headed by the Board of Directors. Members are:(L—R) Ira Allen, Nancy French, Rhonda Williams, Susan Gainen, Kyna Taylor.(back row,L—R) Chet Rhodes, Marc Felsen, Steve Lamphier, Richard Farkas, Debbi Barracato, Michael Fribush.

# Business Staff

Michael Groves

The Maryland Media Business Office handles all of the business operations of Maryland Media Inc., including bookkeeping, accounting, and soliciting subscriptions for all five MMI publications.

The Maryland Media business staff are: (front row,L—R) Joan Mayse, Shelley Secoolish, Ron Little (back row,L—R) Scott Dickerson, Business Manager Nancy French and Sarah Stein. Not pictured: Karen Chew.

# Advertising Staff

Lloyd Hanna

The Diamondback Advertising staff is responsible for selling space in the newspaper to local and campus businesses and groups interested in reaching vast numbers of UMCP students and faculty. The members of the staff are L-R: front row - Susan Charlop, Kevin Dowling, Nancy Benevides, Marci Block, Polly Manke; back row - Todd Starr, Lori Terry, Eileen Zilist, Natalie Klein; not pictured - Scott Delo, Amy Edlin, Andrew Galankis, Edgar Villongco, Teresa Spizzuco, Christopher Hundertmark.

# Diamondback

Dennis Drenner

The independently run Diamondback newspaper has a circulation of about 21,000. The paper is run by the independent corporation, Maryland Media Inc., and has no ties to the University. The newspaper is considered one of the best student publications in the country. The editor in chief this year was Janet Naylor.

Hassan Alatrash (2)

The Maryland Media, Inc. Production Shop handles typesetting, paste up and camera work for the five student publications owned by the company. The shop also takes in outside work such as resumes, newsletters, flyers, posters and wedding invitations. Staffed with four full-time graphic artists and numerous part-time employees, the activity level remains high in the shop throughout the day and night.

Eva Quintos (2)

# Eclipse

Mary Kontorousis

The Eclipse is the black student newsmagazine of UMCP. Founded in 1967 as a newsletter by OMSE and the BSU, the Eclipse was formerly called the Black Explosion. In 1971, Maryland Media, Inc. became the organization's primary funder and in 1985, the original Black Explosion became what is now known formally as the Eclipse.

A voice of the black student body, the Eclipse has covered information relative to the black community since its founding. The name, Eclipse, has a symbolic meaning not understood by many people. As does the moon block the sun, the institutions of today's society as well as its primary leaders hide and keep the knowledge of our past from us. Not only that, racism, which was formerly overt (in the light), is now covert (behind a screen and sewn up in the fabric of society). PEACE.

Pictured from left to right: back row - Rory Holley, Cornelius Johnson, Kevin Cox, Reginald Diggs, Steve Palmer; 2nd row - Anissa Raeford, Macira Hansard, Robin Burt, Monette Austin, Tanya Parker, Carolyn Opher, Terri Bland, Nirri Mellix, Jacqueline McClean, Linda Jones, Coralette Marshall; 1st row - Kirsten Statesman, Kecia Hansard, news editor; Chris Garland, assistant photo editor; Rhonda Y. Williams, editor in chief; Les Dixon, sports editor; Malcom, future staff writer; Ron Gill, executive editor; Monique Moore

Michael Groves

Mitzpeh is the independently run Jewish student newpaper at the University of Maryland, which is published bi—weekly. Mitzpeh's goal is to cover the issues and events that shape the Jewish community, whether they center on the campus, the community or around the world. Pictured are (L-R) Sanford Gruenfeld, managing editor; Helen Teitelbaum, assistant managing editor and Marc I. Felsen, editor in chief.

# Terrapin

Eva Quintos (9)

Terrapin 1989 began as an idea in December of 1987. Early in the spring semester of 1988, a staff got together, chose a theme and set out to make the idea a reality. The result is an attempt by 15 people to capture the essence of a school of 40,000.

Photo Editor Lloyd Hanna took responsibility for the visual representation of life at UMCP, supervising a staff of photographers, developing film, making prints and dealing with the photography studio.

Copy Editor Stacey Wages provided the verbal version of the people, places and events covered by the photographs.

Section Editors Nancy Jones, Paul Streaker, Lavinia Rachal and Heather Carr combined the work of Lloyd and Stacey to create each page.

Production Managers Paul Mickus and Wendy Routenberg prepared each page for the printer, sizing photo squares, typesetting copy and pasting down each graphic element in the proper position. The production managers turned the ideas conceived by section editors into readily producable camera ready pages.

Business Manager Kelley Clarke handled sales, senior portraits and mail-in flyers.

Editor in Chief Debra Barracato oversaw the entire production, solving the numerous problems that arose, supervising the staff and editing each page before it went to production.

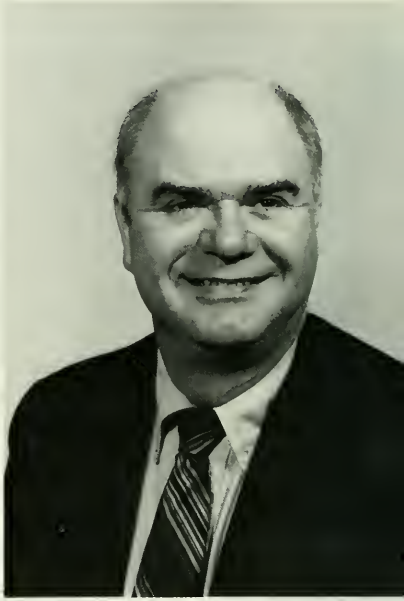
# Student Affairs

The division of Student Affairs has responsibility for the coordination and direction of a variety of student services and student development programs. The vice-president's office serves as an advocate for student issues and concerns within the administration of the campus and the university. The vice president, in conjunction with the departments within the division, promotes the individual development of all students, activities, campus-wide events and the addressing of environmental issues that affect campus life. The departments comprising the Division of Student Affairs are: Campus Activities, Campus Guest Services, Campus Recreation Services, Commuter Affairs, Counseling Center, Department of Campus Parking, Dining Services, Graduate Apartments, Health Center, Judicial Programs, Orientation, Residential Facilities, Resident Life, Stamp Student Union, and University Book Center.

Campus Photo Services (5)

Vice President William Thomas Jr.



Assistant Vice President Drury Bagwell

Assistant Vice President R. Stimpson

Assistant to the Vice President
Sharon Fries

Assistant to the
Vice President for Research
Janet Schmidt

# Dining Services

Campus Photo Services

Director Matthew Sheriff

The Department of Dining Services continues to offer a wide variety of dining options to the entire campus community. The newly renovated Ellicott Diner, a recreation of a 1950's diner, complete with black and white tiles, neon, and a juke box, proved to be the most popular spot on campus.

The resident Dining Rooms began a program of premium dining in addition to the regular diverse menu. Premium meals include lobster, prime rib, and shrimp. Cambridge West also hosted a super buffet including lobster, shrimp, steamed clams and carved roast beef.

Highlights of the year included the Chancellor's Convocation Picnic, the commencement ceremonies, the grand opening of Ellicott Diner and the ACUHO banquets and EDUCOM wine tasting.

# Campus Recreation

1988-89 was a year of memories and traditions at Campus Recreation Services. The year began with the breaking of new ground as the Women's Soccer Team gained varsity status with the support of CRS and began a new Terrapin tradition ending the season with a 12-9-1 record.

On the Intramural playing fields, another tradition was upheld as NFC won their third straight championship title in the Women's "AA" soccer competition. In flag football, SAE dominated the Fraternity "AA" league and ACE became the first champions of the Men's "AA" Super 8 Tournament in outdoor Crease Soccer.

CRS continued to offer a spectrum of activities for staying in shape and having fun. Aerobics continued to be popular with the campus community and more and more males were seen in classes. In fact, 1988 saw the first male aerobic instructor for CRS. Students, faculty, and staff enjoyed lap swimming, racquetball, tennis, and weightlifting (to name a few), courtesy of CRS—a continuing tradition at the University of Maryland.

Campus Photo Services (2)

Director Nick Kovalkides

# Campus Activities

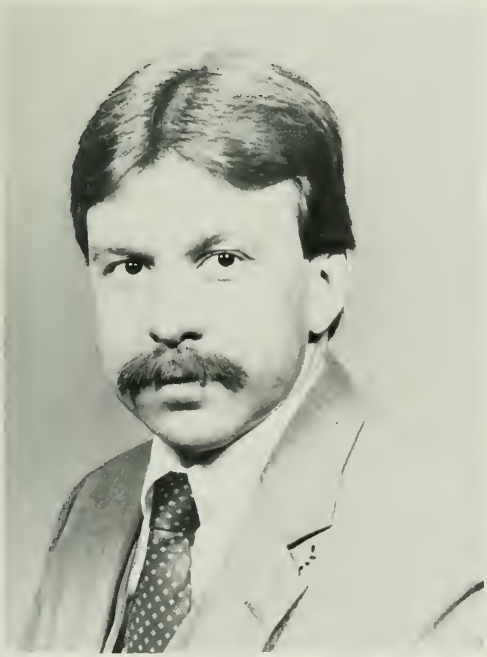
There is life after class-with Campus Activities. The office works with over 400 student organizations, including Student Government Association and fraternities and sororities. They provide leadership training, organization support services, and advising. Through such major campus programs as the First Look Fair, Art Attack and Homecoming, Campus Activities helps students get involved and make the most of the college experience.

## Resident Life

On campus housing provides an opportunity to live with other students. Through the constant interaction with those of varying backgrounds, the late night talks with floormates or a roommate and participation and involvement in unit or community governance, as well as the numerous activities available to the campus community, many students have their most enjoyable and rewarding experiences while living on campus.

The Department of Resident Life is responsible for the management of the residence halls as well as for the cultural, educational, recreational and social programming activities. A staff of full-time graduate and undergraduate employees in each of five residential communities helps to meet community programming, physical environment and administrative needs.

## Guest Services



Campus Photo Services

Director Patrick Perfetto

When students leave campus in May, Campus Guest Services rolls out the carpet for summer guests including conference delegates, sports campers, students and faculty from other campuses and attendees of religious programs.

Summer guests meet in classrooms, sleep in dormitories, eat in dining centers and use the campus in much the same way as students during the school year.

Summer conferences keep the campus active, provide work for students and produce revenue that helps to defray the cost of housing, meals and other services during the school year.

# Orientation Office

The Orientation Office is designed to ease the transition of new students entering the University. With the help of trained peer advisors, the office provides programs that focus on academics, study skills, living arrangements, extra-curricular involvement, advising and registration. A highlight of the two-day freshman program is an original musical, "Time...And Time Again" that depicts the freshman year.

In addition to the Orientation programs, the office offers an on-going course for freshman (EDCP 108 O), initiates and participates in the First Look Program, shares the responsibility for S.H.O.W., a Big Brother/Big Sister program and offers a variety of other services which help to integrate new students into our campus community.

Getting involved is easier thanks to UMaps and the S.H.O.W. (Students Helping, Orienting and Welcoming) program.

# Department of Campus Parking

The UMCP-Department of Campus Parking is responsible for the management and the effective use of all parking areas on campus, the registration of nearly 50,000 vehicles and the upholding of the University of Maryland College Park parking rules and regulations. These objectives are achieved through education, engineering and enforcement.

The DCP also dissemnites information toe the UMCP community through publications, fliers and campus newspaper editorials. These communication outlets provide information about new and existing programs.

The DCP has recently added 1,600 new parking spaces in the form of a new parking garage. This garage has also become the new home of DCP. The new office is located on the ground level opposite Regent's drive. This central location will enable DCP to better serve the UMCP community.

# Counseling Center

For many years, the Counseling Center has provided one or more direct forms of counseling assistance to approximately 25% of the UMCP Commencement graduates. These services are provided by the six divisions within the center: Counseling Service; Disabled Student Service; Learning Assistance Service; Parent Consultation and Child Evaluation Service; Returning Students Program and Testing, Research and Data Processing Unit.

The services of the Center are available to undergraduates. All graduates are entitled to an intake interview or consultation from each of the divisions. Best Wishes to every graduate!

# Adele H. Stamp Union

Director J. Osteen

The Adele H. Stamp Student Union serves as the center of campus life for the entire University community. Over its 30 year history, the Union has grown from a small recreation center into the prominent source of social, educational, and recreational activity for the campus. Today, the Union provides a diverse range of programs and campus services utilized by over 22,000 people daily. Such programs vary from mini-courses to musical entertainment, from guest lectures to guided weekend trips, as well as campus-wide social events, such as the annual All-Niter. The Union also houses the Hoff Theater, the Art Center and the Recreation Center, providing a welcome relief from academic pressures. In addition, the Union is a source of education where students can gain work experience and learn lifetime leadership skills through employment or by serving on the Union's many programming committees.

# Health Center

Check out the Health Center located directly across from the Stamp Union on Campus Drive for primary care of illness and injury, health promotion and maintenance, consultation or education. Health Center services include the dental clinic, men's clinic, women's clinic, skin care, sports medicine, physical therapy, nutrition counseling, mental health, social services, laboratory and a pharmacy. Individual and group health education programs are also available on topics such as sexual health and contraception, stress management, substance use and abuse and sexuality and communication.

The Health Center is open 24 hours, seven days a week. Appointments are recommended, but students are also seen on a walk in basis. Currently registered students who have paid the health fee are eligible for care.

David Froehlich (3)

## Judicial Programs

The primary function of the Office of Judicial Programs is to resolve disciplinary charges against students promptly and equitably.

An integral component of this process is the Central Judicial Board. The Office of Judicial Programs operates five student judicial boards involving approximately 40 undergraduate and graduate students. Each board consists of five to seven students of which one is selected presiding officer. The boards are charged with the responsibilities of reviewing cases of alleged misconduct and recommending sanctions to the Director of Judicial Programs. The board members are trained and advised by the Judicial Programs staff.

# Omicron Delta Kappa

Undergraduate members include: Kathy Alexander, Robin April, Robson Araujo, Marcia Bailey, Daniel Beck, Seth Bernstein, Stacy Blake, Timothy Bogardus, Gregory Bokman, Gardner Bolster, Katharyn Boyer, Sarah Bradley, Alkesh Brahmbhatt, Denise Brown, Mona Calistrat, Craig Carter, Lori Conley, Mary Joyce Conley, Suzanne Conley, John Dixon, Edward Dolegowski, Calvin Ellis, Valerie Ezrin, Toyin Fadope, Michael Fagan, Brad Federman, James Foster, Darryl Freeman, Cheryl Fridkin, Robert Gagnon, Tiffany Garfinkle, Lindsey Gleadall, Harriette Golob, Alan Goltz, Denise Goode, David Gregory, Ragini Gupta, Mark Haney, Laura Head, Ronald Heneghan, Michael Hess, Christopher Highfill, Sherita Hill, J. Michael Kost, Abbe Krauss, Jason Kravits, Stacy Kurtz, Brian Le Gette, John Lill, Kelly Lincoln, Astrid Lopez, Alicia Luster, Stacy Lutz, Rick Macker, Gina Massoglia, Jennifer Money, Melanee Moon, Jennifer Moriatis, Thomas Musser II, Kelly Nash, Lisa Needleman, Dana Neilsen , Mike Nicholson Jr., Shauna Paylor, Jennifer Pedersen, Deborah Purchase, Puneet Rakesh, Mike Remsberg Jr., Daleen Resnick, Steven Richman, Brian Rinehart, Stuart Ritter, Katherine Rutherford, Karen Samsock, Feroz Sanaulla, Douglas Schuhardt, Sharon Silverman, Steven Strong, Adriene Thorne-Martin, Mary Tomayko, David Tirbble, Rodney Tyson, Paul Vaillancourt, Heather Walker, Wendy Warfield, Maureen Wetzel, Sean Whelan, Rhonda Williams, Elizabeth Wivel, Joyce Wong, Julie Beth Wright, Eric Young, and Julie Young.

Graduate Students include: Adrienne Athanas-McIntyre, Michael Bonchick,Colleen Dumais, Sandra Dwiggins, Anne Margaret Goesch, Tobias Linden, Renate Maile-Moskowitz, Michael Matthews, Steven Montieth, David Morrison, Theresa Mulhern, Kathleen Rice, Carole Salter, Michael Votaw, and Robert Winegar.

Voting faculty members include: Drury Bagwell, Linda Clement, Michael Cuyjet, Terry Flannery, Ed Goodwin, Bill Higgins, William Kirwan, Don Piper, Greig Stewart, Sylvia Stewart, Robert Stumpff, and Bonnie Tyler.

Our voting alumni consist of: Phil Aronson, Maile Beers, Burman Berger, Rick Jaklitsch, Valerie Kipnis, Sarah Linde, Ann Mowrey, Bill Paterson, Laurie Peck, Ellis Rosenberg, Christine Roth, J. Logan Schutz, Marcie Shapiro, Harry Siegel, Helen Smith, Sheryl Swackhamer, Steven Vinick, and Bruce Winter

Omicron Delta Kappa National Leadership Honor Society was founded at Washington and Lee University in 1914. The Sigma Circle at Maryland was established in 1927. Its purpose is to recognize leadership of exceptional quality in five areas of endeavor, including: scholarship; athletics; journalism and the mass media; speech, music, drama, and the fine arts; and service, social, and religious activities and campus government.

Michael Groves

Psi Chi is a national honor society of psychology majors. Psi Chi serves as a way to unite psychology majors and psychology faculty, and to organize education and social events to enhance the experience of the psychology major at the University of Maryland. The society sponsors various events through out the year. Some of these include guest speakers who speak about getting into graduate schools, representatives from the Stanley H. Kaplan test preparation company and faculty members. Psi Chi also sponsored events such as their annual doughnut sale to raise money for charity, a luncheon to acquaint faculty with students and their annual spring picnic. Requirements for admission into Psi Chi are a 3.00 overall GPA, a 3.3 GPA in psychology courses, at least nine credits in psychology and three fourths of the members' vote. Officers of Psi Chi are Seth Bernstein, President Emeritus; MaryBeth Faccioli, President; Sharon Morey and Mike Williams, Co-Vice Presidents; Stacey Blake, Secretary; Karen Franklin, Treasurer and Dr. Bob Dies, faculty advisor.

# Sigma Delta Chi

The Society of Professional Journalists, Sigma Delta Chi, founded in 1909 at DePauw University in Greencastle, Indiana is the largest, oldest, and most representative organization serving the field of journalism today. The Greek letters, Sigma, Delta, and Chi stand for talent, energy, and truth. SPJSDX members are acknowledged for their fight for freedom of information and their high professional ethics in gathering and providing that information. The officers are Mia Strickland, president; Grace V.Tang, vice-president; Glynis Harvey, secretary; Linda Jones, treasurer; Kimberly Wix, historian; Dr. Maurine Beasley, faculty advisor and Paula Casaravilla and Anil Kshepakaran, co-chairpersons for the programs committee.

SIGMA DELTA CHI

## Delta Sigma Pi

Delta Sigma Pi is a professional fraternity organized to foster the study of business in universities; to encourage scholarship, social activity and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce and to further a higher standard of commercial ethics and culture. Delta Sigma Pi also seeks to ensure civic and commercial welfare of the community.

## Beta Theta Pi

Beta Theta Pi has been a part of the University of Maryland, College Park campus since 1982. Beta Theta Pi strives to set itself apart from the crowd. Their main goal is to cultivate intellect, friendship, and loyalty. Beta Theta Pi is active in both campus and greek activities, as well as the community at large.

David Cohen (2)

# Delta Upsilon

Delta Upsilon is a non—secretive fraternity which was founded in 1834 at Williams College. The fraternity's motto is "Justice Our Foundation". The chapter at the University of Maryland was chartered in 1972 and the house on fraternity row was obtained in 1974. Delta Upsilon was active this year, taking part in Homecoming 1988. The Delta Upsilon house is located at 6 Fraternity Row.

# Sigma Chi

Lara Langseth (2)

The Gamma Chi chapter of Sigma Chi was founded at the University of Maryland, College Park in 1941. The fraternity strives to build young men's minds through teamwork. The brothers of Sigma Chi are continually involved in campus events, either through sports or leadership. One important philanthropic event associated with Sigma Chi is Derby Daze, which is designed to raise money for charity through various benefits and events.

## Alpha Gamma Rho

The fraternity of Alpha Gamma Rho was founded at Ohio State University and the University of Illinois in 1908. The chapter at the University of Maryland, Alpha Theta, was chartered in 1928. Originally, Alpha Gamma Rho was a fraternity oriented towards men studying agriculture. Today, the fraternity is open to men of all majors and interests.

## Tau Kappa Epsilon

The brotherhood of Tau Kappa Epsilon consists of 85 members. The fraternity is very involved in campus activities, one of their most well known philanthropies being the annual Special Olympics at Byrd Stadium. TKE has over 300 chapters across the country, the largest of any fraternity, and has over 200,000 alumni.

Lara Langseth

# Sigma Alpha Epsilon

The fraternity of Sigma Alpha Epsilon was founded in 1856 at the University of Alabama. The chapter at the University of Maryland, College Park, Beta, was founded in 1943. The fraternity was very active in 1988-89, participating in Homecoming, Spring Formal, and intramural sports. Their house is located at 4 Fraternity Row.

# Sigma Nu

The Delta Phi chapter of Sigma Nu added 19 new pledges this year, making the total membership 74. Sigma Nu is the oldest fraternity. The chapter hosted the Annual Greek Volleyball Tournament, which kicks off Greek Week every year.

# Delta Sigma Theta

Michael Groves

Delta Sigma Theta was founded at Howard University in 1913. The sorority continues its concern with social welfare, academic excellence and cultural enrichment. In 1974, the Kappa Phi Chapter was charted at the University of Maryland. The 25 members currently active in Kappa Phi annually initiate projects concerning scholarship and service.

# Alpha Kappa Alpha

Hassan Alatrash

Alpha Kappa Alpha is the first national Black Sorority. It was founded in 1908 at Howard University. The Theta Nu Chapter at the University of Maryland was founded in 1974. The sisters of Alpha Kappa Alpha promote scholastic achievment and community service. Their symbols are the ivy leaf and the rabbit.

# Student Government Association

Hassan Alatrash

The Student Government Association, which was recently turned into a monarchy, was captured on film during the hat meeting. Ruled by King James, their hobbies include jousting, legislating and twister.

Front Row: Baron Mark, Lady Tanya, Sir Steve, Steve the Adopted, Rob the Royal Republican, Sixto Roman the Gladiator. Back Row: Jana the Queen Mother, Duchess Shari, Sir Robin, King James I, Squire Mike, Crown Prince Eric, Duke Dan, Chancellor Laura, Viscount John, Queen Jenni, Earl Tim, Duke Donald.

# SEE Productions

Shin Hyung Hong

SEE Productions was founded in 1971 and is one of the largest and most respected student entertainment organizations in the country. SEE provides a variety of entertainment to the University of Maryland, College Park campus. First rate concerts, lectures, and cultural events such as Bruce Springsteen, INXS, Spike Lee, and Hunter S. Thompson have performed on campus via the efforts of the staff of SEE Productions.

SEE Productions had a great school year, sponsoring such acts as Morton Downey Jr., the MTV Music Tour, Mario Cuomo, Kurt Vonnegut, Sam Kinison and our annual Art Attack.

# Advising Board

The Student Advisory Board of the University of Maryland is a board of undergraduate students who advise the Counseling Center on how to promote its services to the undergraduate body of the campus. The Student Advisory Board gives input into materials that will affect the students here, by reviewing those materials that will be viewed by students, such as video tapes prepared for incoming freshmen, helping at the First Look Fair and surveying students in dorms. The Student Advisory Board also advises the Counseling Center about what should go into the Undergraduate Catalog, which is published every year.

# Resident Halls Association

Mike Groves

The Residence Halls Association is a North Atlantic Affiliate of the National Association of College and University Residence Halls, the goal being to promote positive relations between residents and the administration in areas such as dining halls and resident life. The RHA hosts various events each year, including the annual Spring Fest. UMCP's RHA was named regional school of the year by the North Atlantic Affilliates.

# Student Alumni Board

The Student Alumni Board, consisting of 52 members, serves as a liaison between students, faculty and alumni. The board participates in social and educational programs, including acting as hosts and greeters for alumni during the Homecoming festivities. The board also sponsors a weekend long orientation program in the fall for high school juniors and seniors whose parents of UMCP alumni.

Hassan Alatrash (2)

Alpha Epislon Rho is an organization made up of the very best students, faculty, and professional communicators in the broadcast and film industries. Formed in 1943, it is the only national organization whose primary purpose is to bridge the gap between the academic and professional worlds of communication. The officers of Alpha Epsilon Rho are Jack Gee, president; Gina Jones, vice—president; Micheline Duckett, treasurer and Peter Hypolite, secretary.

# International Student Council

Eva Quintos

The International Student Council aims to achieve cooperation and to promote more effective communication among the peoples of diverse cultures that comprise the International Student Body at the Universty of Maryland, College Park Campus.

ISC provides forums through which various forms of social and cultural experiences can be maintained and shared.

ISC plans and executes activities designed to broaden the experiences of International Students.

ISC promotes the awareness and appreciation of the different cultures encountered at UMCP.

Pictured from left to right: Dawn Quashie, Secretary; Alec N. Aspiotis, Treasurer; Feroz Sanaulla, President; Mark Gable, Second Vice President; Monica Villalta, First Vice President.

Michael Groves

Hassan Alatrash

Gymkana is an exhibitional gymnastics troupe that began at the University of Maryland in 1946. The troupe performs at schools in and near the state. During performances the troupe promotes its philosphy on leading a healthy lifestyle, free from alcohol and drug abuse. Performance acts include traditional apparatus, as well as non—traditional acts such as juggling, ladders, trampoline, pyramids, balancing and ribbons.

The 1988-89 season included performing during the Maryland—Clemson halftime; at the Capital Center; in Waldorf, MD.; Frederick, MD.; Hanover, PA.; Flanders, NJ. and Cole Field House on April 7th and 8th for the annual homeshow.

Troupe membership is open to all students at the University of Maryland. No experience necessary!

# Mortar Board

David Cohen

The Mortar Board is a national honor society of college seniors. The society recognizes in it's membership the qualities of outstanding scholastic ability, outstanding and continual leadership, and dedicated service to the college or university community.

This year's chapter prided itself on programs in a wide range of areas. In addition to a preschool picnic and a D.C. retreat, Mortar Board completed a successful clothing drive and hosted the Dean of Undergraduate Studies at its Close of the Semester meeting and party. Events in the spring include faculty—student brunches and an Adopt—a—Student program.

# Society of Manufacturing Engineers

The Society of Manufacturing Engineers is a very active organization on the UMCP campus. The group meets under the supervision of faculty advisor Dr. Elkis to discuss the possibilities of future careers in the field. The society also offers students the opportunity to explore the many facets of manufacturing through a succession of guest speakers. Previous members have said that they successfully obtained contacts through the society and were able to find employment after graduation.

Jason Hoffman

The Nyumburu Cultural Center celebrated its 17th year of serving UMCP this year. Nyumburu (pronounced Nim-boo-roo) is the Swahili word meaning "freedom house," an appropriate title for the center.

Nyumburu's various productions include seminars; lectures; art exhibits and workshops in the dramatic arts, dance, aerobics, creative writing, modeling and self-defense.

One of Nyumburu's best known events is the Miss Black Unity Pageant, begun 11 years ago. Nyumburu is also the home of the Maryland Gospel Choir, the Black Explosion Newspaper, the Black Drama Society and the Sophisticated Steppers Modeling Club.

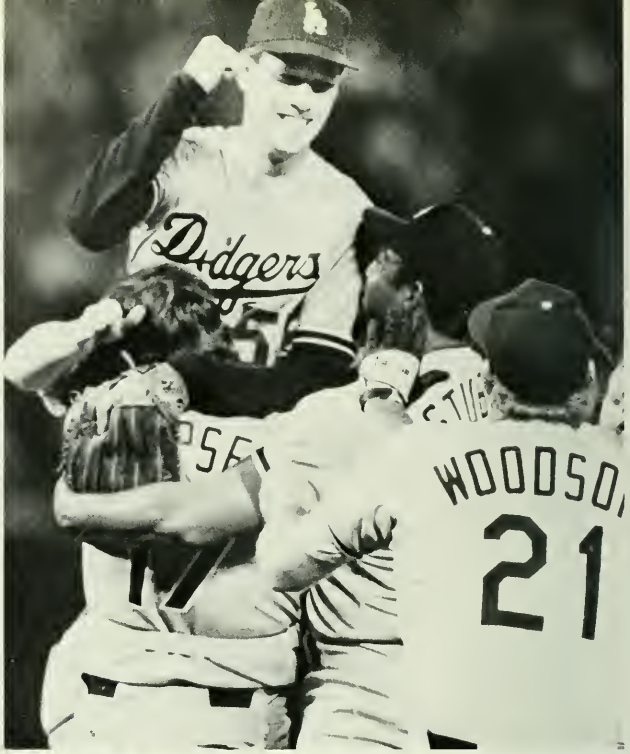
After 5 1/2 years at the University of Maryland, the Chancellor of UMCP, John Slaughter, resigned. His resignation came as a surprise to most people.

Slaughter left to become president of Occidental, a small, private, liberal arts college near Los Angeles in California. Slaughter stated, ". . . I wanted you to know that as I have made this decision to leave College Park, it is not because of any sense that this institution is not or will not be one of the truly outstanding educational institutions in the country. It is because I have been given a tremendous professional and personal challenge and opportunity that is a very attractive one."

Hassan Alatrash

Eva Quintos



The World Series belonged to the Los Angeles Dodgers. The Dodgers captured their sixth World Series title in October with a 5-2 victory over the Oakland A's in the fifth game of the series.

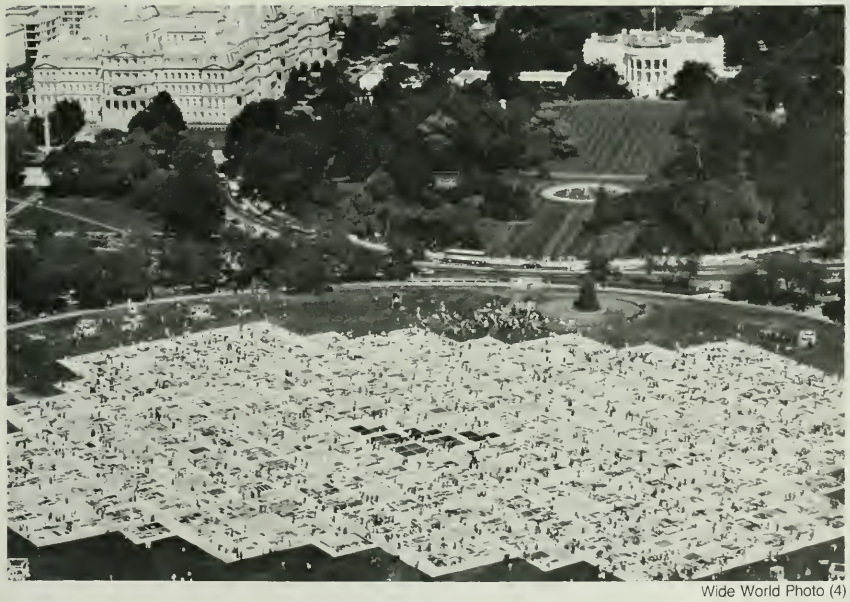
The 1988 Summer Olympics in Seoul, South Korea opened with a dramatic and dazzling ceremony. A colorful, three-hour spectacle mixing ancient Korean rituals with space-age technology kicked off 16 days of athletic competition.

Wide World Photo (3)

Canadian Ben Johnson, left, looks over at arch rival Carl Lewis at the finish of the 100-meter race in the 1988 Summer Olympics at Seoul, South Korea. Johnson won the gold medal but was later disqualified after traces of an anabolic steroid was found in his system.

Gretchen Elizabeth Carlson erupted in tears as her name was announced as Miss America 1989. The 22-year old Miss Minnesota, who planned to be a Harvard-trained lawyer, became the first classical violinist to win the Miss America crown.

It was one of the big marriages of the year. Heavyweight boxer Mike Tyson married actress Robin Givens. But the stormy marriage of the 22-year old rich boxer and the 23-year old beautiful actress lasted less than a year. She filed for divorce. But after being accused of marrying "Iron Mike" for his money, Ms. Givens said she wouldn't take a dime.



Wide World Photo (4)

The shuttle Discovery blasted into orbit in September, the first space flight since the shuttle Challenger mission ended tragically 73 seconds after liftoff on Jan. 28, 1988. The Discovery ended its successful four day, 1.6 million mile mission with a triumphant landing at Edwards Air Force Base in California.

Amid tears and grief, thousands of people who had died of AIDS were memorialized in October in ceremonies centered on a huge quilt that was made from friends and family members of the victims. Each of the panels measured three feet by six feet and all 50 states and a dozen foreign countries were represented in the 375,000 square foot quilt.

Vice President George Bush, after serving for eight years in the Ronald Reagan administration, got the expected nod at the Republican National Convention in New Orleans in the summer of 1988. His choice for running mate was unexpected–Sen. Dan Quayle of Indiana. The public opinion polls showed that the inexperienced 41-year old senator was not a popular choice.

The Democrats went to Atlanta in the summer of 1988, and decided on Michael Dukakis, the governor of Massachusetts, to be its candidate for President of the United States. He decided to pick Lloyd Bensten, a senator from Texas, as his running mate.

Wide World Photo (3)

Carl Bower

President Ronald Reagan and Soviet leader Mikhail S. Gorbachev worked for several years to bring the two countries together. After a treaty was signed to eliminate certain nuclear weapons, 1988 was the year the efforts of these two leaders went into effect.

Democratic hopeful Jesse Jackson brought his 1988 campaign to the University of Maryland, where he spoke before a standing room only crowd at Ritchie Colliseum.

The summer of 1988 was hit with the worst drought in many years. Throughout the midwest, farmers watched helplessly as their crops went dry.

Hurricane Gilbert rose out of the Caribbean like a giant wind storm in late September. By the time it lost its hurricane status over northeastern Mexico, it had killed more than 300 people, left hundreds of thousands homeless and caused billions of dollars in damage to the Caribbean, Central America, Mexico and the United States.

It became an international effort of good will. Russians and American rescuers cut through the ice in Alaska to save two California gray whales. The whales were trapped in the ice for more than three weeks. News media from around the world converged on the tiny village of Barrow, Alaska, to cover the successful rescue.

Wide World Photo (4)

Forest fires spread throughout the western part of the country in the summer of 1988, destroying millions of acres of national parkland. The most heavily damaged was Yellowstone National Park.

Copyright 1989 Maryland Media, Incorporated, College Park, Maryland

Maryland Media, Inc. produced Terrapin 1989 for the student body, faculty and administration of the University of Maryland, College Park. General Manager, MMI, Michael Fribush; Business Manager, MMI, Nancy French and the other members of the Board of Directors appointed Debra Barracato Editor in Chief of Volume 88.

Terrapin 1989 consists of 328 pages on 80 lbs. Gloss Enamel Stock, with 40 color pages. Debbi Barracato designed the cover after many brainstorming sessions with Kelley Clarke, Stacey Wages and Debbie Shure. Jostens Publishing Company provided the endsheet artwork. The typeface was Helios used in a variety of weights, sizes and shapes.

Jostens Publishing Company, State College, PA., printed Volume 88. Linda Nolf served as in-plant consultant with Shelly Metro, Ray Query and Eric Mantos as company representatives.

Carl Wolf Studios, Sharon Hill, PA., photographed the senior class. Terrapin 1989 staff photographers provided candid shots, with much appreciated help from Diamondback staff photographers. "World in Review" photographs were purchased from Wide World Photos, of the Associated Press. Groups pictured in the Organizations section paid for the space.

The Terrapin editorial office is located in room 3101 South Campus Dining Hall, University of Maryland, College Park, Md. 20742. (301) 454-2230.

# For over 170 years we've challenged the individual

We salute the University of Maryland
for producing individuals
capable of accepting the challenge.

# MARTIN MARIETTA AERO & NAVAL SYSTEMS

## PROVIDING THE FOUNDATION FOR FUTURE GROWTH

Martin Marietta has been providing technology to the United States Government for over fifty years and now has the most diversified contract portfolio of any major space defense contractor. Martin Marietta Aero & Naval Systems is experiencing tremendous growth applying advanced naval systems technology to a wide variety of projects and programs including the U.S. Navy's Vertical Launching System and the Army's Patriot Air Defense Missile Launcher.

Other current program activity includes work in:

- **Autonomous Underwater Vehicles**
- **Wide Aperture Array**
- **Advanced Lightweight Sonar**
- **Remotely Piloted Air Vehicles**
- **ASW Research & Technology**
- **Surface Weapons Systems**
- **Combat Systems Engineering**
- **MK 50 Torpedo**
- **Mobile Undersea Systems Test Lab**

Our continuing growth at Aero & Naval Systems has created immediate opportunities for these engineers with technical degrees in:

**Acoustic Signal Processing**
- Sonar System software design and development
- Advanced signal processing algorithm development
- Sonar System architecture
- Parallel Processor Software Engineering
- Acoustic and Non-Acoustic Sensor Data Fusion
- Target Tracking
- Sonar System modeling
- Environmental Acoustics

**Manufacturing Engineers**
- Tool Designers
- Planners
- NC Programmers
- Electronics

**Manufacturing Test Engineers**
- Software Engineers
- Microprocessor Applications

**Robotic Systems**
- Telepresence
- Supervisory Vehicles
- Manipulator Design

**Electronics Engineering**
- Local Area Network
- Power Supply
- Electro/Mech. Pkg.
- Microprocessor Applications
- IR/EO Systems Design
- VLSI Design
- Radar Support

**Mechanical Engineering**
- Thermal Analyst

**Logistics Engineering**
- Reliability
- Systems Safety

**Advanced Manufacturing Technologies**
- Materials Engineers
- Test Engineers
- NDT Engineers

We also have opportunities for these professionals:

- **Subcontract Administrators**

## Simulators developed by Link contribute to safe control room operation.

For nearly sixty years, Link has pioneered in creating technology that is ahead of time.

Sophisticated electronic systems developed by the Link Simulation Systems Corporation are used for undersea, surface and airborne anti-submarine training. Link systems train Army commanders on simulated battlefields, and give operators experience in dealing with emergency conditions that are too dangerous for practice with the actual equipment.

At our facilities in Silver Spring, Maryland, we have diversified opportunities calling for unique creative and professional skills.

ENGINEERS, PHYSICISTS, MATHEMATICIANS, and COMPUTER SCIENTISTS seeking exciting challenges are invited to look to Link.

**MYTH:** At NSA, you must choose one specialty and then stick with it.

**FACT:** NSA encourages you to diversify.

Many myths have arisen about careers at the National Security Agency. The facts, however, are these:

- NSA has broad and challenging opportunities for MATHEMATICIANS, ELECTRONIC ENGINEERS, COMPUTER SCIENTISTS and FOREIGN LANGUAGE SPECIALISTS (particularly Slavic and other East European, Middle Eastern, and Asian languages).
- NSA opportunities allow you to diversify your experience. You can move around within the agency and try different disciplines—we'll even train you for each transition.
- NSA plays a key role in protecting our national security. We process foreign intelligence information . . . safeguard our government's communications . . . and secure our nation's computer systems.
- NSA work involves leading edge research and the latest technology. Our computer complex is among the largest in the world. Our work in communications sets the pace for the industry.
- NSA salaries are competitive.
- NSA offers much more than job security Benefits include paid vacation and holidays insurance options and tuition reimbursement. In addition, our employees enjoy the attractive lifestyle of the Baltimore-Washington area.
- NSA performs work that is critical to our nation's security. It is work you'll be proud to do.

For more facts, or to apply, send your resume today.

NSA. The opportunities are no secret.

FBI

# SPECIAL AGENT CAREERS

The FBI has initiated a search for qualified men and women for the position of Special Agent. Applicants must be U.S. citizens, available for assignment anywhere within the Bureau's jurisdiction, between the ages of 23 and 35, possess a valid driver's license, and in excellent physical condition allowing the use of firearms and defensive tactics. Other qualifications also exist. The five entry programs to qualify for Special Agent consideration are:

LAW: Resident law school degree with two years of undergraduate work at an accredited college or university.

ACCOUNTING: A baccalaureate degree with a major in accounting from an accredited college or university. Must have passed the uniform CPA exam or provide certification they are academically eligible to sit for the CPA exam.

LANGUAGE: A baccalaureate degree plus fluency in a language for which the Bureau has a need, especially Russian, Chinese, Polish, Spanish, Arabic, Sicilian, or Armenian.

ENGINEERING/SCIENCE: A variety of baccalaureate degrees are acceptable with an emphasis on EE, ME, and CSEE degrees.

DIVERSIFIED: Baccalaureate degree in any discipline plus three years full-time work experience.

There are a variety of benefits in U.S. Government Service including retirement plan, group health and life insurance programs, sick and vacation pay and promotion. Entry level salary is $25,226 with additional compensation of $6,306 for overtime after completion of 15 week training school.

For information including application form contact the nearest FBI Office's Applicant Coordinator.

THE FBI IS AN EQUAL OPPORTUNITY AFFIRMATIVE ACTION EMPLOYER

# Choose carefully

When you're looking for a quality company, sometimes it's hard to choose. But take a close look at AT&T and you'll see a big difference.

For over a century, we've depended on the best minds to cultivate our reputation for excellence. A reputation built on the telephone, the transistor, the solar cell, the laser, sound motion pictures, high fidelity recording and much more.

We can offer you a chance to grow to your fullest potential with high-tech opportunities reaching worldwide. Opportunities to meet the research and development challenges of our world-famous AT&T Bell Laboratories, to design computer and telecommunications products, to expand long distance and voice and data services and to provide state-of-the-art network systems for the industry.

You'll work in an exciting climate nurtured by some of the brightest, most respected people in the industry. And you'll be rewarded with the kind of salary and benefits that reflect AT&T's position as a worldwide leader in design, development and delivery of products and services for the Information Age.

If you'd like to join a company with a commitment to helping the people of the world communicate better, AT&T is the right choice for you.

AT&T
The right choice.

# Personal growth opportunities in a prime growth industry.

These are exciting times in the world of communications. And The Bell Atlantic Network Services Group* is at the forefront.

We're developing new technologies. New services. A new vision of our role in meeting the ever-changing and expanding needs of our customers.

We recognize that our most valuable resource is our people. Historically, "Bell" people have won high marks for technical proficiency and dedication to service. Now the tradition of personal excellence is receiving new emphasis as C&P Telephone moves to meet the challenges of a competitive marketplace.

Toward that end, we're seeking people of diverse talents and backgrounds, and proven academic achievement and leadership for management opportunities.

Most positions are in the Washington, D.C. area. Richmond and Baltimore.

If you're seeking a growth path in a growth company, C&P merits your serious attention.

If interested, send resume to: Management Employment - EP, 1710 H Street NW, 4th Floor, Washington, D.C. 20006

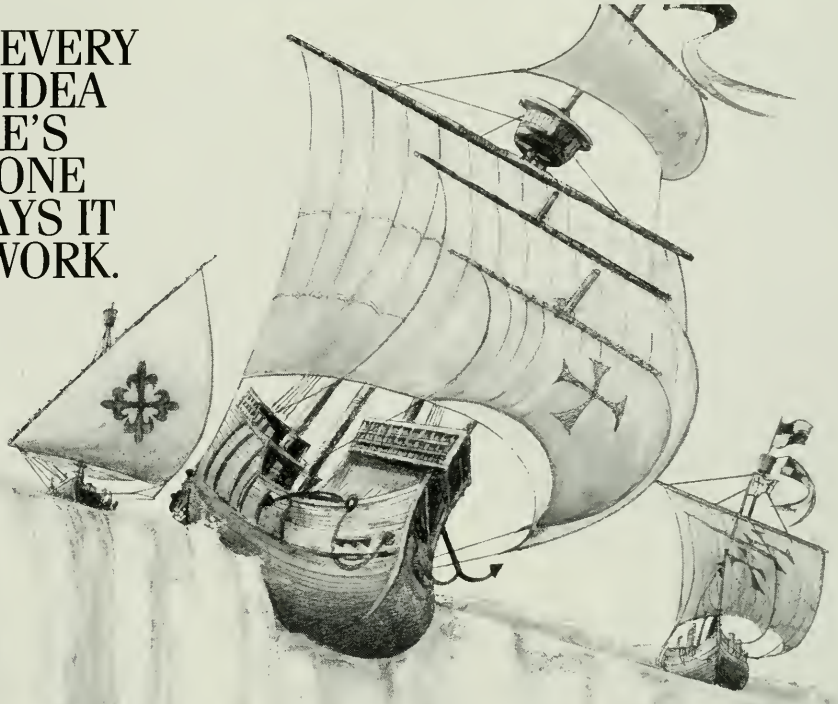
# BEHIND EVERY GREAT IDEA THERE'S SOMEONE WHO SAYS IT WON'T WORK.



# AND SOMEONE WHO KNOWS IT WILL.

When Columbus claimed the world was round, he wasn't taken seriously. Edison and Bell got the same reaction. So did the Wright brothers. Yet these visionaries went on to do what no one else had ever done.

That kind of innovative thinking is rewarded at Hughes Network Systems. One of your ideas could be the next big breakthrough in advanced communications. Or it could be the steppingstone to another great idea, another innovation. And Hughes is the place to develop it.

We are recognized worldwide for the excellence of the data and satellite telecommunications systems we design, develop, and manufacture for domestic and international customers. So bring us your best ideas along with a sound academic record in any one of these fields: Computer Science, Communications Engineering or Electrical Engineering. We have outstanding career opportunities for individuals interested in:

- **Real-time microprocessor software database management**
- **Micro computer processors**
- **Digital logic design**
- **Digital signal processing**
- **Micro-mini computer applications**
- **Computer networking**
- **High speed modems**

We'll put you to work in an environment that welcomes ingenuity, and offers the resources and opportunities you need for rapid advancement. You'll realize the rewards of a career with an industry leader in networking and satellite communications.

What's more, we're located right outside of Washington, D.C., and that means a lifestyle as exciting as your workstyle. Here, at the heart of America's high-tech revolution, you'll find excellent universities with the programs you need to continue your education. The best in theatre, music, museums and monuments are right around the corner. Then take a short drive and head for the beach, the mountains, the Chesapeake Bay or the Virginia and Maryland countryside for all the recreational choices you can name.

For details on our career opportunities, write to us direct.

## *Moving to the Technological Forefront*
## *Goddard Space Flight Center*

For almost 30 years, NASA's Goddard Space Flight Center (GSFC) located in Greenbelt, MD just outside of Washington, DC and at Wallops Island, VA, has been at the forefront of space research and exploration.

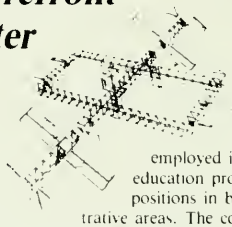
Goddard engineers, scientists, and technicians design and build instruments and satellites, and equally important, they develop space and ground system communications and perform space flight tracking and data processing to receive and analyze information transmitted from a wide variety of spacecraft.

TECHNICAL OPPORTUNITIES

Technical hiring focuses on engineers and scientists possessing undergraduate or graduate degrees in electrical, electronics, mechanical, and aerospace engineering; physics; mathematics; computer science; and space and earth sciences.

ADMINISTRATIVE OPPORTUNITIES

In addition to these technical areas, the successful management of the Center, its programs, and projects require a wide range of business and administrative skills. Careers in the areas of accounting, personnel management, procurement, budgeting, finance, facilities engineering, public affairs, health and safety, data processing, logistics, and management services are available.



COOPERATIVE EDUCATION

Each year college students are employed in Goddard's cooperative education program which includes positions in both technical and administrative areas. The combination of academic study and professional work experience provides college students a unique opportunity to acquire an academic degree, while beginning a professional career. Tuition and financial assistance are available for those meeting certain work and academic performance standards. Check with your college cooperative education coordinator regarding these opportunities.

# THE SKY'S NO LIMIT

**ELECTRONIC ENGINEERS • COMPUTER SCIENTISTS • AEROSPACE ENGINEERS**
**MECHANICAL ENGINEERS • MATHEMATICIANS**

**AT THE NAVAL AIR TEST CENTER,** the reach of technology knows virtually no bounds. That's because our job is to test and refine the most advanced aircraft and aircraft systems in the world. Our work begins with the very latest developments in electronics and computer science, as well as aerospace and mechanical engineering. Microprocessor systems, computer-aided design, digital flight control, communications, microwave networks, simulation technology — these are just a few of the fields in which we excel.

**WHEN YOU LAUNCH YOUR CAREER** at the Naval Air Test Center, you soon find that the opportunities for hands-on involvement with a wide range of projects are limitless. You work with the newest concepts and most sophisticated equipment in your field. And you enjoy the satisfaction of following your projects from start to finish, from theory in the lab to deployment in the sky.

**YOU'LL BE IMPRESSED BY OUR BENEFITS, TOO,** including opportunities for fully paid graduate education as well as rapid advancement. And our location in the heart of Chesapeake Bay Country promises a lifestyle that many of your peers will envy.

# GRADUATES FIND YOUR NEXT CHALLENGE IN THE MID-ATLANTIC

This is one of the most important times in your life. There are a lot of important decisions to be made. And among the most crucial is where to begin your career. A strategic career move could lead to a future filled with stimulating work . . . ongoing challenge . . . and excellent rewards. The wrong choice, and you could be right back where you started.

MCI's Mid-Atlantic Division invites you to see what we have to offer, because we think you'll be impressed. We are a major region of the nation's second largest long distance company. For you that means a stable foundation. State-of-the-art resources. And an environment geared for your career growth—because of our companies continued growth.

Right now, we have opportunities for self-motivated graduates eager to begin a career in one of the following areas:

- **Field Sales**
- **Finance/Marketing**
- **MIS Engineering/Operations**
- **Telecommunications**

Make your move to MCI's Mid-Atlantic Division, and we'll reward you with a competitive salary and benefits package and an environment that's guaranteed to bring out your best. For more information on these opportunities, send your resume to:

at one company.

**COMSAT LABORATORIES**

The research and development center of the Communications Satellite Corporation employs some of the most experienced communications engineers and scientists in the world. These professionals, in their diverse areas of expertise, conduct research on devices, subsystems, technologies and techniques related to telecommunications, with a strong emphasis on communications via satellite.

**COMMUNICATIONS SYSTEMS DIVISION**

Provides information systems integration expertise to the U.S. government and selected commercial and international customers worldwide. Building on a base of more than 25 years of information and communications systems experience, CSD assists customers in the design, development, implementation, operation and management and integration of complex communications and computer network systems.

**WORLD SYSTEMS DIVISION**

Provides telecommunications services, including telephone, telegraph, telex, facsimile, data and video, using the facilities of the INTELSAT global system. We also provide commercial maritime satellite services through a global system operated by INMARSAT, and telecommunications network design and support services. Finally, we conduct an extensive program of research and development at our Laboratories.

**COMSAT VIDEO ENTERPRISES**

COMSAT Video Enterprises owns and operates the largest satellite-delivered video entertainment network in the United States. CVE transmits six channels of programming to over 1,300 hotels and motels across the country. During afternoon and evening hours three of the channels become pay-per-view. In addition to accessing entertainment services, it will serve as private internal communications link connecting each room with the front desk offering in-room checkout.

# ENGINEERS

## Find out how you can get on

# The People Side Of Technology

If you're ready to graduate with a BS or MS degree in Electrical, Mechanical, Chemical, Marine or Nuclear Engineering, discover how you can apply your knowledge on the people side of technology with GPU Nuclear Corporation.

Distinguished as one of the country's largest power corporations, GPU Nuclear is dedicated to providing safe, cost-effective energy through a utilities network serving over 4 million people throughout New Jersey and Pennsylvania.

Being on the people side of technology means we place an exceptionally high premium on your individual talents. As a result, the performance of our team of engineering professionals is unmatched in the industry. To keep you at your professional best, we offer a special 2-year Engineering Training Program which will give you the diverse exposure you need to advance as quickly as your expertise and drive allow.

And, our commitment doesn't end when the lights go on. It extends to a wide range of community awareness programs - from nuclear education to wildlife preservation - to ensure a quality of life that is never compromised for technology.

If you agree that the people side of technology is the best place to be, please submit your resume to: College Relations Administrator, GPU Nuclear Corporation, Three Mile Island, P.O. Box 480, Middletown, Pennsylvania 17057.

*Energy with Values*
